## **THE FUND**

Global Plus Income Trust (the “Fund”) is an investment trust established under the laws of the Province of Ontario pursuant to a trust agreement dated as of August 30, 1999, as amended from time to time (the “Trust Agreement”), between Mulvihill Fund Services Inc. (“Mulvihill” or the “Manager”), as manager, and RBC Dexia Investor Services Trust (the “Trustee”), as trustee. Mulvihill is a wholly owned subsidiary of Mulvihill Capital Management Inc. (“MCM” or the “Investment Manager”), the investment manager of the Fund. The Fund operates under the name “Mulvihill Premium Global Plus Fund”.

On September 13, 1999, the Fund completed its initial public offering of 4,400,000 units (“Units”) at a price of \$25.00 per Unit. The outstanding Units are listed on the Toronto Stock Exchange (“TSX”) under the symbol GIP.UN.

The principal office of the Fund, of Mulvihill and of MCM is located at 121 King Street West, Standard Life Centre, Suite 2600, Toronto, Ontario, M5H 3T9. The phone number, website address and e-mail address of Mulvihill is (416) 681-3900 or toll-free at 1-800-725-7172, [www.mulvihill.com](http://www.mulvihill.com) and [hybrid@mulvihill.com](mailto:hybrid@mulvihill.com).

## **INVESTMENT OBJECTIVES AND STRATEGY**

The Fund’s investment objectives are to provide unitholders of the Fund (“Unitholders”) with a stable stream of quarterly cash distributions of at least \$0.50 per Unit (\$2.00 per annum) and to return the original issue price of \$25.00 per Unit to Unitholders on December 31, 2009 (the “Termination Date”). A Unitholder may elect to receive such quarterly cash distributions in U.S. dollars.

The Fund invests in a diversified portfolio (the “Portfolio”) consisting principally of common shares issued by corporations selected from the Standard & Poor’s 100 Index (the “S&P Universe”) and American Depository Receipts (“ADRs”) of the top 100 corporations selected on the basis of market capitalization whose ADRs are trading on the New York Stock Exchange or NASDAQ (the “ADR Universe”). In addition, in order to provide further global investment opportunities, the Fund may, from time to time, invest up to a maximum of 25% of its NAV (as defined below under “Net Asset Value”) in World Equity Benchmark Shares (“WEBS”) that seek to provide investment results that track the performance of a specific country index compiled by Morgan Stanley Capital International Inc.

To generate additional returns above the dividend income generated by the Portfolio, the Fund will, from time to time, write covered call options in respect of all or part of the securities in the Portfolio. In addition, the Fund may write cash covered put options in respect of securities in which the Fund is permitted to invest. The Fund may, from time to time, hold a portion of its assets in cash equivalents. The Fund may also, from time to time, utilize such cash equivalents to provide cover in respect of the writing of cash covered put options, which is intended to generate additional returns and to reduce the net cost of acquiring the securities subject to the put options.

The composition of the Portfolio, the securities that are subject to call options and put options and the terms of such options will vary, from time to time, based on MCM’s assessment of market conditions.

## **STATUS OF THE FUND**

While the Fund is technically considered to be a mutual fund under the securities legislation of certain provinces of Canada, the Fund is not a conventional mutual fund and has obtained exemptions from certain requirements of Canadian securities laws relating to mutual funds.

The Fund differs from conventional mutual funds in a number of respects, most notably as follows: (a) while the Units of the Fund may be surrendered at any time for redemption, the redemption price is payable monthly whereas the securities of most conventional mutual funds are redeemable daily; (b) the Units of the Fund have a stock exchange listing whereas the securities of most conventional mutual funds do not; and (c) unlike most conventional mutual funds, the Units are not offered on a continuous basis.

## **DESCRIPTION OF THE UNITS**

The Fund is authorized to issue an unlimited number of transferable, redeemable trust units of one class, each of which represents an equal, undivided interest in the net assets of the Fund.

All Units have equal rights and privileges, except that Units issued to a trust managed by Mulvihill or an affiliate of Mulvihill all or part of whose investment strategy is to track performance of the Units of the Fund (a "Related Trust"), a counterparty to a forward agreement entered into with a Related Trust (a "Counterparty") or an entity designated by a Counterparty (a "Designated Party") may be redeemed at NAV on any Valuation Date (as defined below). Each whole Unit is entitled to one vote at all meetings of Unitholders and is entitled to participate equally with respect to any and all distributions made by the Fund, including distributions of net income and net realized capital gains, and distributions upon the termination of the Fund. Units are issued only as fully paid and are non-assessable. Fractions of Units are proportionately entitled to all of these rights except voting rights.

The provisions or rights attaching to the Units may only be modified, amended or varied with the consent of Unitholders given in accordance with provisions contained in the Trust Agreement as described herein under the heading "Acts Requiring Unitholder Approval".

On December 16, 2004, the *Trust Beneficiaries' Liability Act, 2004* (Ontario) came into force. This statute provides that holders of units of a trust are not, as beneficiaries, liable for any act, default, obligation or liability of the trust if, when the act or default occurs or the liability arises, (a) the trust is a reporting issuer under the *Securities Act* (Ontario), and (b) the trust is governed by the laws of Ontario. The Fund is a reporting issuer under the *Securities Act* (Ontario) and it is governed by the laws of Ontario by virtue of the provisions of the Trust Agreement.

The Fund may issue additional Units at NAV without Unitholder approval to a Related Trust, Counterparty or a Designated Party. Except for additional Units which may be issued to Related Trusts, Counterparties, or Designated Parties, the Fund does not currently intend to issue additional Units, except (a) by way of rights offerings to existing Unitholders, provided the net proceeds per Unit issued pursuant to the exercise of such rights is not less than the most recently calculated NAV prior to the issue of such rights, (b) with the approval of Unitholders, (c) by way of Unit dividends, or (iv) as a result of reinvestment of cash distributions.

## **Distributions**

### ***Cash Distributions***

The Fund will endeavour to make quarterly cash distributions of net income, net realized capital gains and option premiums to Unitholders of at least \$0.50 per Unit (\$2.00 per annum) on the last day of each quarter in each year. However, there can be no assurance that the Fund will be able to make distributions at such rate.

The amount of distributions in any particular calendar quarter will be determined by Mulvihill, as manager, having regard to the investment objectives of the Fund, the net income and net realized capital gains of the Fund during the calendar quarter and in the year to date, the net income and net realized capital gains of the Fund anticipated in the balance of the year and distributions made in previous calendar quarters.

If, in any year after such distributions, there would otherwise remain in the Fund additional net income or net realized capital gains, the Fund intends to make, on December 31 of that year, a special distribution of such portion of the remaining net income and net realized capital gains as is necessary to ensure that the Fund will not be liable for income tax thereon under the *Income Tax Act* (Canada) (the "Tax Act").

Cash distributions are payable in Canadian dollars to Unitholders of record at 5:00 p.m. (Toronto time) as of the fifteenth day of each month (or the next business day thereafter if the fifteenth day is not a business day). All cash distributions, except those reinvested pursuant to a distribution reinvestment plan, are paid by cheque to Unitholders proportionately based on their respective holdings of Units and are mailed to Unitholders at their addresses listed in the register of Unitholders to be maintained by the Fund's registrar and transfer agent or paid in such other manner as may be agreed to by the Trustee.

Each Unitholder is mailed annually, no later than March 31, information necessary to enable such Unitholder to complete an income tax return with respect to amounts paid or payable by the Fund in respect of the preceding taxation year of the Fund.

### ***U.S. Dollar Distribution Election***

A Unitholder (other than a Unitholder who elects to reinvest distributions under the Fund's distribution reinvestment plan) may elect to receive the quarterly cash distributions paid by the Fund in U.S. dollars by causing the participant (the "CDS Participant") in the book-entry only system (the "book-entry only system") administered by CDS Clearing and Depository Services Inc. ("CDS") through which the Unitholder holds Units to deliver to CDS at least five business days before a distribution date a notice requesting payment in U.S. dollars. CDS will notify RBC Dominion Securities Inc. (the "Calculation Agent") in its capacity as calculation agent of the Fund of the number of Units in respect of which cash distributions are requested to be paid in U.S. dollars. The Calculation Agent shall (a) utilizing the noon buying rate as quoted by Bank of Canada on the business day before the distribution date as provided by the Manager calculate the U.S. dollar equivalent of the cash distributions payable on such Units; and (b) upon receipt from the Fund deliver the aggregate U.S. dollar amount of such distribution to CDS at the same time as the Canadian dollar distributions are delivered. Payment to such Unitholder of such U.S. dollar equivalent shall be in full satisfaction of such Unitholder's entitlement to Canadian dollar distributions relating to that distribution date.

### **Distribution Reinvestment Plan**

Under the Fund's distribution reinvestment plan (the "Plan"), a Unitholder may elect to reinvest distributions received from the Fund in additional Units by notifying the Fund's transfer agent that the Unitholder wishes to participate in the Plan. All distributions will be automatically reinvested on behalf of those Unitholders electing to participate in the Plan.

Distributions payable to participants in the Plans (the "Participants") will be paid to Computershare Trust Company of Canada in its capacity as agent under the Plan (the "Plan Agent") and applied to purchase Units. Such purchases will either be made from the Fund through the purchase of new Units or in the market. If the 20-day weighted average trading price of a Unit on the TSX for the 20 trading days preceding the distribution date (or, if the distribution date is not a business day, on the last business day before the distribution date) plus applicable commissions or brokerage charges (collectively, the "Market Price") is less than the NAV per Unit (as defined below) as at that date, the Plan Agent will apply the distribution to purchase Units in the market. If the Market Price of the Units on the applicable distribution date is greater than the NAV per Unit, the Plan Agent will apply the distribution to purchase Units from the Fund through the issue of new whole Units at a price per Unit equal to the greater of (a) NAV per Unit on the distribution date; and (b) 95% of such Market Price on the distribution date.

Purchases in the market will be made during the 15 business day period next following the distribution date at such times as the Market Price of the Units is less than the NAV per Unit as at the distribution date. Upon the expiration of such period, the unused part, if any, of the distribution attributable to the Participants will be used to purchase Units from the Fund on the basis set forth above. The Units purchased in the market or from the Fund will be allocated to the Participants in proportion to their share of the distribution. The Plan Agent will furnish to each Participant a report of the Units purchased for the Participant's account in respect of each distribution and the cumulative total of all Units purchased for that account. The Plan Agent's charges for administering the Plan will be paid by the Fund. The reinvestment of distributions under the Plan will not relieve participants of any income tax applicable to such distributions.

Participants may terminate their participation in the Plan at any time by written notice to the Plan Agent and thereafter distributions payable to such Participants will be made in cash. The Trustee may terminate the Plan, in its sole discretion, upon not less than thirty days' notice to the Participants.

### **Redemption of Units**

Units may be surrendered at any time for redemption to Computershare Investor Services Inc., the Fund's registrar and transfer agent, but will be redeemed only on the monthly Valuation Date. Units surrendered for redemption by a Unitholder at least five business days prior to the last day of a month (a "Valuation Date") will be redeemed on such Valuation Date and the Unitholder will receive payment on or before the fifteenth day following such Valuation

Date (the “Redemption Payment Date”). If a Unitholder makes such surrender after 5:00 p.m. (Toronto time) on the fifth business day immediately preceding a Valuation Date, the Units will be redeemed on the Valuation Date in the following month and the Unitholder will receive payment for the Units on the Redemption Payment Date in respect of such Valuation Date.

Unitholders whose Units are redeemed on the December Valuation Date in each year will be entitled to receive a redemption price per Unit (the “Unit Redemption Price”) equal to the NAV per Unit determined as of such Valuation Date. Unitholders whose Units are redeemed on any other Valuation Date will be entitled to receive a redemption price per Unit equal to the NAV per Unit determined as of such other Valuation Date, less the lesser of (a) 4% of the NAV per Unit as of such other Valuation Date and (b) \$1.00, except Units that may be issued to and held by a Related Trust, Counterparty or a Designated Party, which may be redeemed at NAV per Unit on any Valuation Date. Any unpaid distribution payable on or before a Valuation Date in respect of Units tendered for redemption on such Valuation Date will also be paid on the Redemption Payment Date.

The redemption right must be exercised by causing written notice to be given within the notice periods prescribed herein and in the manner described under “Book-Entry Only System”. Such surrender will be irrevocable upon the delivery of notice to CDS through a CDS Participant, except with respect to those Units which are not redeemed by the Fund on the relevant Redemption Payment Date.

### **Resale of Units Tendered for Redemption**

The Fund has entered into an agreement (a “Recirculation Agreement”) with RBC Dominion Securities Inc. (the “Recirculation Agent”) whereby the Recirculation Agent has agreed to use commercially reasonable efforts to find purchasers for any Units tendered for redemption prior to the relevant Valuation Date, provided that the holder of the Units so tendered has not withheld consent thereto. The Fund may, but is not obligated to, require the Recirculation Agent to seek such purchasers and, in such event, the amount to be paid to the Unitholder on the Redemption Payment Date will be an amount equal to the proceeds of the sale of the Units less any applicable commission, provided that such amount will not be less than the Unit Redemption Price described above.

Subject to the Fund’s right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Units tendered for redemption prior to the relevant Valuation Date, any and all Units which have been surrendered to the Fund for redemption are deemed to be outstanding until (but not after) the close of business on the relevant Valuation Date, unless not redeemed thereon, in which event such Units will remain outstanding.

### **Suspension of Redemptions**

Mulvihill may direct the Trustee to suspend the redemption of Units or payment of redemption proceeds: (a) during any period when normal trading is suspended on the TSX; or (b) with the prior permission of the Ontario Securities Commission, for any period not exceeding 120 days during which Mulvihill determines that conditions exist which render impractical the sale of assets of the Fund or which impair the ability of the Trustee to determine the value of the assets of the Fund. The suspension may apply to all requests for redemption received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All holders of Units making such requests shall be advised by Mulvihill of the suspension and that the redemption will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such Unitholders shall have and shall be advised that they have the right to withdraw their requests for redemption. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over the Fund, any declaration of suspension made by Mulvihill shall be conclusive.

### **Purchase for Cancellation**

Subject to applicable law, the Fund may at any time or times purchase Units for cancellation at prices not exceeding the NAV per Unit on the Valuation Date immediately prior to such purchase.

## **Normal Course Issuer Bids**

Under the terms of a normal course issuer bid that expired on May 8, 2008, the Fund could purchase up to a maximum of 97,872 Units. No Units were purchased by the Fund pursuant to the bid. At the beginning of May, 2008, the Fund made another normal course issuer bid. Pursuant to the bid, the Fund can purchase, if it considers advisable, up to a maximum of 80,093 Units (representing approximately 10% of the Fund's public float as of April 29, 2008). The Fund may not purchase more than 16,018 Units (representing approximately 2% of the Fund's 800,934 issued and outstanding Units as of April 29, 2008) in any 30-day period under the bid. The bid will remain in effect until the earlier of May 8, 2009, the termination of the bid by the Fund or the Fund purchasing the maximum number of Units permitted under the bid. As at March 30, 2009, no Units had been purchased by the Fund pursuant to the bid.

## **BOOK-ENTRY ONLY SYSTEM**

Registration of interests in and transfers of the Units are made only through the book-entry only system administered by CDS (the "book-entry only system"). Units must be purchased, transferred and surrendered for redemption through a CDS Participant. All rights of an owner of Units must be exercised through, and all payments or other property to which such owner is entitled will be made or delivered by, CDS or the CDS Participant through which the owner holds such Units. Upon purchase of any Units, the owner will receive only the customary confirmation. References in this annual information form to a holder of Units means, unless the context otherwise requires, the owner of the beneficial interest in such Units.

The ability of a beneficial owner of Units to pledge such Units or otherwise take action with respect to such owner's interest in such Units (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

An owner of Units who desires to exercise redemption privileges thereunder must do so by causing a CDS Participant to deliver to CDS (at its office in the City of Toronto) on behalf of the owner a written notice of the owner's intention to redeem Units, no later than 5:00 p.m. (Toronto time) on the relevant notice date. An owner who desires to redeem Units should ensure that the CDS Participant is provided with notice (the "Redemption Notice") of his intention to exercise his redemption privilege sufficiently in advance of the relevant notice date so as to permit the CDS Participant to deliver notice to CDS by the required time. The Redemption Notice will be available from a CDS Participant or Computershare Investor Services Inc., the Fund's registrar and transfer agent. Any expense associated with the preparation and delivery of Redemption Notices will be for the account of the owner exercising the redemption privilege.

By causing a CDS Participant to deliver to CDS a notice of the owner's intention to redeem Units, an owner shall be deemed to have irrevocably surrendered his Units for redemption and appointed such CDS Participant to act as his exclusive settlement agent with respect to the exercise of the redemption privilege and the receipt of payment in connection with the settlement of obligations arising from such exercise.

Any Redemption Notice which CDS determines to be incomplete, not in proper form or not duly executed shall for all purposes be void and of no effect and the redemption privilege to which it relates shall be considered for all purposes not to have been exercised thereby. A failure by a CDS Participant to exercise redemption privileges or to give effect to the settlement thereof in accordance with the owner's instructions will not give rise to any obligations or liability on the part of the Fund to the CDS Participant or to the owner.

The Fund has the option to terminate registration of the Units through the book-entry only system in which case certificates for Units in fully registered form would be issued to beneficial owners of such Units or to their nominees.

## **UNITHOLDER MATTERS**

### **Acts Requiring Unitholder Approval**

The following matters require the approval of Unitholders (excluding Units held by or voted by a Related Trust, unless such Units are voted as directed by holders of units of such Related Trust or as otherwise required by

securities regulatory authorities) by a two-thirds majority vote (other than items (c), (f), (g), (h) and (i) which require approval by a simple majority vote) at a meeting called and held for such purpose:

- (a) a change in the fundamental investment objectives and strategy of the Fund as described under “Investment Objectives and Strategy”, except the Manager may, in its sole discretion and without any Unitholder approval, replace the S&P 100 Index with an equivalent or substitute index if Standard & Poor’s is no longer calculating and disseminating the S&P 100 Index;
- (b) a change in the investment criteria of the Fund as described under “Investment Restrictions”;
- (c) the entering into by the Fund of transactions involving derivatives other than: (i) the writing of covered call options or cash covered put options; (ii) the purchase of call options or put options and the entering into of trades by the Fund to close out positions in such derivatives; (iii) the purchase of put options to protect the Fund from declines in the market prices of individual securities or in the value of its securities as a whole; and (iv) the use of derivatives permitted under National Instrument 81-102 – *Mutual Funds* (“NI 81-102”) to hedge the Fund’s foreign exchange exposure;
- (d) any change in the basis of calculating fees or other expenses that are charged to the Fund which could result in an increase in charges to the Fund;
- (e) a change of the manager of the Fund, other than a change resulting in an affiliate of such person assuming such position or, except as described herein, a change in the investment manager or trustee of the Fund, other than a change resulting in an affiliate of such person assuming such position;
- (f) a decrease in the frequency of calculating the NAV per Unit or of redeeming Units;
- (g) a change of the auditors of the Fund;
- (h) a reorganization with, or transfer of assets to, another mutual fund, if:
  - (i) the Fund ceases to continue after the reorganization or transfer of assets; and
  - (ii) the transaction results in Unitholders becoming securityholders in the other mutual fund;
- (i) a reorganization with, or acquisition of assets of, another mutual fund, if:
  - (i) the Fund continues after the reorganization or acquisition of assets;
  - (ii) the transaction results in the securityholders of the other mutual fund becoming Unitholders of the Fund; and
  - (iii) the transaction would be a material change to the Fund;
- (j) a termination of the Investment Management Agreement (except as described under “Investment Management Agreement”);
- (k) a termination of the Fund prior to the Termination Date or an extension of the Fund beyond the Termination Date; and
- (l) an amendment, modification or variation in the provisions or rights attaching to the Units.

Mulvihill and the Trustee may, without the approval of or notice to Unitholders, amend the Trust Agreement for certain limited purposes specified therein, including to:

- (a) remove any conflicts or other inconsistencies which may exist between any terms of the Trust Agreement and any provisions of any law or regulation applicable to or affecting the Fund;
- (b) make any change or correction in the Trust Agreement which is of a typographical nature or is required to cure or correct any ambiguity or defective or inconsistent provision, clerical omission, mistake or manifest error contained therein;
- (c) bring the Trust Agreement into conformity with NI 81-102 or other applicable laws, rules and policies of Canadian securities regulators or with current practice within the securities industry, provided that any such amendment does not adversely affect the pecuniary value of the interest of any Unitholder;
- (d) maintain the status of the Fund as a “mutual fund trust” for the purposes of the Tax Act; or
- (e) provide added protection to Unitholders.

Except for changes to the Trust Agreement which require the approval of Unitholders or changes described above which do not require approval or prior notice to Unitholders, the Trust Agreement may be amended from time to time by Mulvihill and the Trustee upon not less than 30 days’ prior written notice to Unitholders.

### **Reporting to Unitholders**

The Fund will deliver to each Unitholder annual and semi-annual financial statements of the Fund.

### **INVESTMENT RESTRICTIONS**

The Fund is subject to certain investment criteria that, among other things, limit the common shares and other securities the Fund may acquire to comprise the Portfolio. The Fund’s investment criteria may not be changed without the approval of the Unitholders by a two-thirds majority vote at a meeting called for such purpose. The Fund’s investment criteria provide that the Fund may not:

- (a) except as provided in paragraphs (b), (e) and (g), purchase securities of an issuer unless:
  - (i) such securities are common shares of issuers selected from the S&P Universe, ADRs selected from the ADR Universe, or WEBS of any series outstanding from time to time except Canada;
  - (ii) not more than 25% of the NAV is at any time invested in WEBS; and
  - (iii) not more than 10% of the NAV is at any time invested in Emerging Markets WEBS;
- (b) purchase debt securities unless such securities are cash equivalents;
- (c) write a call option in respect of any security unless such security is actually held by the Fund at the time the option is written;
- (d) dispose of any security included in the Portfolio that is subject to a call option written by the Fund unless such option has either terminated or expired;
- (e) write put options in respect of any security unless: (i) the Fund is permitted to invest in such securities, and (ii) so long as the options are exercisable, the Fund continues to hold cash equivalents sufficient to acquire the securities underlying the options at the aggregate strike price of such options;
- (f) reduce the total amount of cash equivalents held by the Fund to an amount less than the aggregate strike price of all outstanding put options written by the Fund; or
- (g) purchase call options or put options except as specifically permitted under NI 81-102.

In addition, but subject to these investment restrictions, the Fund has adopted the standard investment restrictions and practices set forth in NI 81-102. A copy of such standard investment restrictions and practices will be provided by the Manager to any person on request.

The Fund obtained an exemption from certain of the provisions of National Policy Statement No. 39, including:

- (a) Section 2.04(1)(a), to enable the Fund to invest up to 25% of its net asset value in WEBS;
- (b) Section 11.05, to permit the Fund to calculate its NAV once each week; and
- (c) Section 13.02, to permit the Fund to pay redemption proceeds in U.S. dollars.

### **Use of Other Derivative Instruments**

In addition to writing covered call options and cash covered put options, and to the extent permitted by Canadian securities regulators, from time to time, the Fund may purchase call options and put options with the effect of closing out existing call options and put options written by the Fund. The Fund may also purchase put options in order to protect the Fund from declines in the market prices of the individual securities in the Portfolio or in the value of the Portfolio as a whole. The Fund may enter into trades to close out positions in such permitted derivatives.

The Fund may also use derivatives permitted under NI 81-102 to hedge the Fund's foreign currency exposure. Such permitted derivatives may include clearing corporation options, futures contracts, options on futures, over-the-counter options and forward contracts.

### **CALCULATION OF NET ASSET VALUE AND NET ASSET VALUE PER UNIT**

The NAV of the Fund on a particular date will be equal to the aggregate value of the assets of the Fund, less the aggregate value of the liabilities of the Fund, including any income, net realized capital gains and other amounts payable to Unitholders on or before such date. The "NAV per Unit" on any day is obtained by dividing the NAV of the Fund on such day by the number of Units outstanding on that day.

The NAV per Unit will be calculated once each week at the close of business. In the last week of the month, the NAV per Unit will be calculated on the last day of the month at the close of business. Such information will be provided by Mulvihill to Unitholders on request.

In determining the NAV of the Fund at any time:

- (a) the value of common shares and other securities will be the last board lot sale price of such common shares or other securities on the principal stock exchange on which they are traded prior to the determination of the NAV of the Fund or, if no such sale price is available at that time, the closing price quoted for the security provided that where bid and ask quotes are available, at the average of the bid and the asked price instead of at the quoted closing price;
- (b) where a covered clearing corporation option, option on futures or an over-the-counter option is written, the option premium received by the Fund will, so long as the option is outstanding, be reflected as a deferred credit which will be valued at an amount equal to the current market value of an option which would have the effect of closing the position; any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the NAV;
- (c) the value of any cash on hand or on deposit, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof unless the Trustee determines that any such asset is not worth the face amount thereof, in which event the value thereof shall be deemed to be such value as the Trustee determines to be the fair value thereof;

- (d) the value of a futures contract or of a forward contract shall be the gain or loss with respect thereto that would be realized if, on the Valuation Date, the position in the futures contract or the forward contract, as the case may be, were to be closed out unless “daily limits” are in effect, in which case fair value shall be based on the current market value of the underlying interest;
- (e) margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- (f) money-market instruments shall be valued at cost plus accrued interest at the calculation time;
- (g) if a Valuation Date is not a business day, then the securities comprising the Portfolio and other Fund property will be valued as if such Valuation Date were the preceding business day;
- (h) the value of all assets of the Fund quoted or valued in terms of foreign currency, the value of all funds on deposit and contractual obligations payable to the Fund in foreign currency and the value of all liabilities and contractual obligations payable by the Fund in foreign currency shall be determined using the applicable rate of exchange current at, or as nearly as practicable to, the date as of which the NAV is computed; and
- (i) if an investment cannot be valued under the foregoing rules or if the foregoing rules are at any time considered by the Trustee to be inappropriate under the circumstances, then notwithstanding such rules, the Trustee shall make such valuation as it considers fair and reasonable. The discretion to deviate from the foregoing rules has not been exercised within the past three years.

The above principles are used to calculate the net asset value of the Fund for all purposes other than financial reporting. This valuation policy differs from the valuation method required for financial statement reporting purposes under the Canadian Institute of Chartered Accountants Handbook (the “CICA Handbook”). The CICA Handbook requires that portfolio securities in an active market be valued using the latest available bid price. The primary differences between the valuation policy of the Fund and the approach in the CICA Handbook is that the Fund will generally determine the fair value of its equity securities traded on a stock exchange by using the closing price on the exchange. For bonds, debentures and other debt obligations (excluding money-market instruments), the Fund will generally use the average of the bid and ask prices to determine the fair value.

## **RESPONSIBILITY FOR OPERATIONS**

### **The Manager**

Pursuant to the Trust Agreement, Mulvihill is the manager of the Fund and, as such, is responsible for providing or arranging for required administrative services to the Fund including, without limitation: authorizing the payment of operating expenses incurred on behalf of the Fund; preparing financial statements and financial and accounting information as required by the Fund; ensuring that Unitholders are provided with financial statements (including interim and annual financial statements) and other reports as are required by applicable law from time to time; ensuring that the Fund complies with regulatory requirements and applicable stock exchange listing requirements; preparing the Fund’s reports to Unitholders and the Canadian securities regulatory authorities; providing the Trustee with information and reports necessary for it to fulfil its fiduciary responsibilities; determining the amount of distributions to be made by the Fund; and negotiating contractual agreements with third-party providers of services, including registrars, transfer agents, auditors and printers.

Mulvihill shall exercise the powers and discharge the duties of its office honestly, in good faith and in the best interests of Unitholders, and in connection therewith, shall exercise the degree of care, diligence and skill that a reasonably prudent manager would exercise in similar circumstances.

Mulvihill may resign as manager of the Fund upon 60 days’ notice to the Fund and to the Unitholders or upon such lesser notice period as the Trustee may accept. If Mulvihill resigns it may appoint its successor but, unless its successor is an affiliate of Mulvihill, its successor must be approved by Unitholders. If Mulvihill is in material default of its obligations under the Trust Agreement and such default has not been cured within 30 days after notice

of same has been given to Mulvihill, the Trustee shall give notice thereof to Unitholders and the Unitholders may direct the Trustee to remove Mulvihill and appoint a successor manager.

Mulvihill is entitled to fees for its services under the Trust Agreement and will be reimbursed for all reasonable costs and expenses incurred by Mulvihill on behalf of the Fund. In addition, Mulvihill and each of its directors, officers, employees and agents will be indemnified by the Fund for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against Mulvihill or any of its officers, directors, employees or agents in the exercise of its duties as manager, except those resulting from Mulvihill's wilful misconduct, bad faith, negligence or breach of its obligations under the Trust Agreement.

The management services of Mulvihill under the Trust Agreement are not exclusive and nothing in the Trust Agreement prevents Mulvihill from providing similar management services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Fund) or from engaging in other activities.

### **The Investment Manager**

MCM manages the Fund's investment portfolio in a manner consistent with the investment objectives, strategy and criteria of the Fund pursuant to an investment management agreement (the "Investment Management Agreement") made between Mulvihill as manager and on behalf of the Fund and MCM dated August 30, 1999.

MCM was incorporated in 1984 by The Canada Trust Company under the name CT Investment Counsel Inc. ("CTIC") to manage the institutional pension fund business of The Canada Trust Company. In 1985, The Canada Trust Company and The Canada Permanent Trust Company amalgamated resulting in all of the pension assets managed by The Canada Permanent Trust Company being transferred to CTIC management. In addition, the investment professionals of The Canada Permanent Trust Company joined the CTIC team.

In February 1995, John P. Mulvihill purchased 100% of CTIC from The Canada Trust Company and changed CTIC's name to Mulvihill Capital Management Inc.

### ***Investment Management Agreement***

The services provided by MCM pursuant to the Investment Management Agreement include making all investment decisions for the Fund and managing the call option writing and put option writing of the Fund, all in accordance with the investment objectives, strategy and criteria of the Fund. Decisions as to the purchase and sale of securities and as to the execution of all portfolio and other transactions will be made by MCM. In the purchase and sale of securities for the Fund and the writing of option contracts, MCM will seek to obtain overall services and prompt execution of orders on favourable terms.

Under the Investment Management Agreement, MCM is required to act at all times on a basis which is fair and reasonable to the Fund, to act honestly and in good faith with a view to the best interests of the Unitholders of the Fund and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent portfolio manager would exercise in comparable circumstances. The Investment Management Agreement provides that MCM shall not be liable in any way for any default, failure or defect in any of the securities of the Fund, nor shall it be liable if it has satisfied the duties and standard of care, diligence and skill set forth above. MCM will, however, incur liability in cases of wilful misfeasance, bad faith, negligence or breach of its obligations under the Investment Management Agreement.

The Investment Management Agreement, unless terminated as described below, will continue in effect until the termination of the Fund on the Termination Date. The Trustee may terminate the Investment Management Agreement if MCM has committed certain events of bankruptcy or insolvency or is in material breach or default of the provisions thereof and such breach has not been cured within 30 days after notice thereof has been given to MCM by the Trustee. Except as described above, MCM cannot be terminated as investment manager of the Fund.

Except as set out below, MCM may not terminate the Investment Management Agreement or assign the same except to an affiliate of MCM, without Unitholder approval. MCM may terminate the Investment Management Agreement if the Fund is in material breach or default of the provisions thereof and such breach or default has not been cured within 30 days of notice of same to the Trustee or if there is a material change in the fundamental investment objectives, strategy or criteria of the Fund.

If the Investment Management Agreement is terminated, Mulvihill will promptly appoint a successor investment manager to carry out the activities of MCM until a meeting of Unitholders is held to confirm such appointment.

MCM is entitled to fees for its services under the Investment Management Agreement and will be reimbursed for all reasonable costs and expenses incurred by MCM on behalf of the Fund. In addition, MCM and each of its directors, officers, employees and agents will be indemnified by the Fund for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against MCM or any of its officers, directors, employees or agents in the exercise of its duties as investment manager, except those resulting from MCM's wilful misconduct, bad faith, negligence or breach of its obligations under the Investment Management Agreement and provided the Fund has reasonable grounds to believe the action or inaction that gave rise to such claim was in the best interests of the Fund.

### **Independent Review Committee**

National Instrument 81-107 – *Independent Review Committee for Investment Funds* (“NI 81-107”) requires all publicly offered investment funds, including the Fund, to establish an independent review committee to whom the manager of the fund must refer all conflict of interest matters for review or approval. NI 81-107 also imposes obligations upon the manager to establish written policies and procedures for dealing with conflict of interest matters, maintain records in respect of those matters and provide assistance to the independent review committee in carrying out its functions. The independent review committee is required to conduct regular assessments and provide reports to the manager and securityholders in respect of its activities.

The members of the independent review committee (the “IRC”) of the Fund and the other Mulvihill funds are Michael M. Koerner, Robert W. Korthals and Robert G. Bertram. Mr. Bertram replaced C. Edward Medland as a member of the IRC effective January 1, 2009, following the passing of the latter. The aggregate compensation paid by the Fund to the members of the IRC for the year ended December 31, 2008 was \$4,266.77.

### **The Advisory Board**

The Fund has established an advisory board (the “Advisory Board”) currently consisting of five members appointed by Mulvihill to assist Mulvihill in performing its services under the Trust Agreement. The following are the names, municipalities of residence and principal occupations of each member of the Advisory Board of the Fund:

<i><b>Name and Municipality of Residence</b></i>	<i><b>Principal Occupation</b></i>
John P. Mulvihill Toronto, Ontario	Chairman and President, MCM
Michael M. Koerner <sup>(1)</sup> Toronto, Ontario	Corporate Director
Robert W. Korthals <sup>(1)</sup> Toronto, Ontario	Corporate Director
Robert G. Bertram <sup>(1)</sup> Aurora, Ontario	Corporate Director
Sheila Szela Toronto, Ontario	Vice-President, Finance and Chief Financial Officer, MCM

(1) Independent of the Manager.

During the past five years all of the Advisory Board members have held the principal occupations noted opposite their respective names, or other occupations with their current employer or a predecessor company with the exception of Robert G. Bertram, who served as Executive Vice President of the Ontario Teachers Pension Plan Board from 1990 until 2008. The independent Advisory Board members are paid an annual fee of \$5,000 and a fee for each Advisory Board meeting attended of \$300. All fees and expenses of the Advisory Board are paid by the Fund.

Each member of the Advisory Board, other than Mr. Koerner, Ms. Szela and Mr. Bertram, has served as a member of the Advisory Board since its initial public offering. Mr. Koerner became an Advisory Board member on June 16, 2000, Ms. Szela became an Advisory Board member on November 23, 2004 and Mr. Bertram became an Advisory Board member on January 1, 2009. Each member of the Advisory Board has been appointed by the Manager and will serve until his or her successor is appointed.

### Directors and Officers of the Manager

The name and municipality of residence, position held with Mulvihill and current principal occupation of each of the directors and officers of Mulvihill are as follows:

<i>Name and Municipality of Residence</i>	<i>Office or Position with Mulvihill</i>	<i>Principal Occupation</i>
John P. Mulvihill Toronto, Ontario	Chairman, President and Director	Chairman and President, MCM
Sheila Szela Toronto, Ontario	Chief Financial Officer and Director	Vice-President, Finance and Chief Financial Officer, MCM

Mr. Mulvihill has held his current positions with Mulvihill and MCM for the past five years. Ms. Szela was appointed as Chief Financial Officer and a director of Mulvihill in November, 2004. She joined MCM in June 2002 as Vice-President, Finance and was appointed to the position of Chief Financial Officer in November 2004.

MCM owns the sole outstanding share of Mulvihill, as shown below.

\* Fees received by these entities from the Fund are disclosed in the audited financial statements of the Fund.

As of March 26, 2009, John P. Mulvihill owned of record and beneficially 95,073 shares (100%) of MCM Group Holdings Inc., the sole shareholder of MCM.

### Directors and Officers of the Investment Manager

The name and municipality of residence and position of each of the directors and officers of MCM are as follows:

<i>Name and Municipality of Residence</i>	<i>Office or Position with MCM</i>
John P. Mulvihill Toronto, Ontario	Chairman, President, Chief Executive Officer, Secretary and Director
Donald Biggs Ancaster, Ontario	Senior Vice-President
John Germain Toronto, Ontario	Vice-President
Supriya Kapoor Toronto, Ontario	Vice-President
Peggy Shiu Toronto, Ontario	Vice-President
Sheila Szela Toronto, Ontario	Vice-President, Finance and Chief Financial Officer
Jack Way Toronto, Ontario	Vice-President

Except as indicated below, each of the foregoing has held his or her current office or has held a similar office in MCM during the five years preceding the date hereof. Prior to joining MCM in October 2004, Ms. Kapoor was Director, Compliance Operations from October 2002 to October 2004 for Assante Advisory Services and Manager, Regulatory Affairs & Compliance from October 2000 to October 2002 for BMO Investments Inc.

All the individuals on the team responsible for investment management at MCM have significant experience in managing investment portfolios. The officers of MCM who are primarily responsible for the management of the Fund's portfolio are John P. Mulvihill and Donald Biggs. Also assisting in the management of the portfolio are: Jack Way, John Germain, Jeff Dobson and Dylan D'Costa.

**John P. Mulvihill**, Chairman of MCM, is the senior portfolio manager of MCM and has over 30 years of investment management experience. Prior to purchasing CTIC from The Canada Trust Company in 1995, Mr. Mulvihill had been Chairman of CTIC since 1988. At CTIC he had primary responsibility for the asset allocation and portfolio management of CTIC's pension and mutual fund assets.

**Donald Biggs**, Senior Vice-President of MCM, has extensive experience in managing derivative instruments. Prior to joining MCM in 1997, Mr. Biggs was Vice-President, Bonds and Cash Management at OMERS where he had overall responsibility for Derivative Products.

**Jack Way** has been with MCM since August 1998 and brings an extensive background in asset management with over 23 years of experience as an investment manager during which he spent considerable time working in the U.S. market.

**John Germain** has been with MCM and the Structured Products Team since March 1997. Prior to joining MCM, he had been employed at Merrill Lynch Canada Inc. since 1992. For the last two years of his employment at Merrill Lynch Canada Inc., he was a member of the Fixed Income Trading Group.

**Jeff Dobson**, Portfolio Manager, joined MCM in April 2001 after nearly 16 years at Scotia Capital. He brings extensive experience in portfolio management, especially in the use of equity options. His most recent position prior to joining MCM involved managing a portfolio comprised of equity options, their underlying stocks, as well as equity index derivatives.

**Dylan D’Costa**, Portfolio Manager, has been with MCM and the Structured Products Team since January 2001 where he has worked extensively on valuing, pricing and trading equity options. Prior to joining MCM, he had been employed at CIBC Mellon where he worked with the valuations group.

## **CORPORATE GOVERNANCE**

The Advisory Board of the Fund is responsible for the overall stewardship of the Fund’s business and affairs. Mulvihill, the Fund’s manager, administers many functions associated with the operations of the Fund pursuant to the Trust Agreement. Under this agreement, the Manager is responsible for certain day to day operations of the Fund including the payment of distributions on its Units and attending to the redemption of Units in accordance with their terms.

The Advisory Board consists of five members, three of whom are independent of the Manager. The Fund believes that the number of Advisory Board members is appropriate for the Fund and only members independent of the Manager are compensated. Amounts paid as compensation are reviewed for adequacy to ensure that they realistically reflect the responsibilities and risk involved in being an effective member of the Advisory Board. Individual members may engage an outside advisor at the expense of the Fund in appropriate circumstances subject to the approval of the Fund.

The Advisory Board is responsible for developing the Fund’s approach to governance issues and, together with the Investment Manager, is evolving a best practices governance procedure. The Fund maintains an Investor Relations line and website to respond to inquiries from Unitholders.

Mulvihill has adopted policies, procedures and guidelines concerning the governance of the Fund and to ensure the proper management of the Fund. These policies, procedures and guidelines aim to monitor and manage the business, risks and internal conflicts of interest relating to the Fund, and to ensure compliance with regulatory and corporate requirements.

In addition, MCM has an asset mix committee consisting of the following senior officers: John Mulvihill, Donald Biggs, Peggy Shiu, Jack Way and John Germain. The investment process for the Fund begins at the asset mix committee. Members of this committee meet monthly to examine macro-economic variables and relationships among dominant economic factors. This process culminates in an outlook for the various capital markets around the world and provides the fundamental basis for MCM’s long-term market outlook. These views are integrated into the investment decision making process at the portfolio management level. The asset mix committee of MCM oversees investment decisions made by the portfolio managers of the Fund and reports to John Mulvihill, the sole director and chairman, president, chief executive officer and secretary of MCM.

The Fund may use derivatives as permitted by the policies of Canadian securities authorities and consistent with the investment objectives and restrictions of the Fund and with the investment policies set by the asset mix committee of MCM. Policies, procedures and guidelines regarding investing in derivatives, including objectives and goals for derivatives trading and the risk management procedures applicable to such trading are reviewed by Mulvihill on a regular basis. If the Fund uses derivatives, it will hold enough assets to cover any obligations it has under the derivative contracts. The exposure of the Fund to derivatives is monitored daily by both senior management and the internal accounting group of Mulvihill.

Mulvihill and MCM also employ certain risk assessment tools including mark to market valuing of securities, reporting and monitoring of securities exposure and reconciliations of security transactions.

Because Unitholders may only redeem their Units on notice for payment not more frequently than monthly, they cannot engage in short-term trading of the Fund’s securities with the Fund and the Fund has no policies and procedures in relation to such activities.

## **Proxy Voting Policy**

The Fund has adopted the following proxy guidelines (the “Proxy Guidelines”) with respect to the voting of proxies received by it relating to voting securities held by the Fund. The Proxy Guidelines establish standing policies and

procedures for dealing with routine matters, as well as the circumstances under which deviations may occur from such standing policies. A general description of certain such policies is outlined below.

(a) *Auditors*

The Fund will generally vote for proposals to ratify auditors except where non-audit-related fees paid to such auditors exceed audit-related fees.

(b) *Board of Directors*

The Fund will vote for nominees of management on a case-by-case basis, examining the following factors: independence of the board and key board committees, attendance at board meetings, corporate governance positions, takeover activity, long-term company performance, excessive executive compensation, responsiveness to shareholder proposals and any egregious board actions. The Fund will generally withhold votes from any nominee who is an insider and sits on the audit committee or the compensation committee. The Fund will also withhold support from those individual nominees who have attended fewer than 75% of the board meetings held within the past year without a valid excuse for these absences.

(c) *Compensation Plans*

The Fund will vote on matters dealing with share-based compensation plans on a case-by-case basis. The Fund will review share-based compensation plans with a primary focus on the transfer of shareholder wealth. The Fund will generally vote for compensation plans only where the cost is within the industry maximum except where (i) participation by outsiders is discretionary or excessive or the plan does not include reasonable limits on participation or (ii) the plan provides for option re-pricing without shareholder approval. The Fund will generally also vote against any proposals to re-price options, unless such re-pricing is part of a broader plan amendment that substantially improves the plan and provided that (i) a value-for-value exchange is proposed; (ii) the top five paid officers are excluded; and (iii) exercised options do not go back into the plan or the company commits to an annual burn rate cap.

(d) *Management Compensation*

The Fund will vote on employee stock purchase plans (“ESPPs”) on a case-by-case basis. The Fund will generally vote for broadly based ESPPs where all of the following apply: (i) there is a limit on employee contribution; (ii) the purchase price is at least 80% of fair market value; (iii) there is no discount purchase price with maximum employer contribution of up to 20% of employee contribution; (iv) the offering period is 27 months or less; and (v) potential dilution is 10% of outstanding securities or less. The Fund will also vote on a case-by-case basis for shareholder proposals targeting executive and director pay, taking into account the issuer’s performance, absolute and relative pay levels as well as the wording of the proposal itself. The Fund will generally vote for shareholder proposals requesting that the issuer expense options or that the exercise of some, but not all options be tied to the achievement of performance hurdles.

(e) *Capital Structure*

The Fund will vote on proposals to increase the number of securities of an issuer authorized for issuance on a case-by-case basis. The Fund will generally vote for proposals to approve increases where the issuer’s securities are in danger of being de-listed or if the issuer’s ability to continue to operate is uncertain. The Fund will generally vote against proposals to approve unlimited capital authorization.

(f) *Constituting Documents*

The Fund will generally vote for changes to constituting documents that are necessary and can be classified as “housekeeping”. The following amendments will be opposed:

- (i) the quorum for a meeting of shareholders is set below two persons holding 25% of the eligible vote (this may be reduced in the case of a small organization where it clearly has difficulty achieving quorum at a higher level, but the Fund will oppose any quorum below 10%);

- (ii) the quorum for a meeting of the board of directors should not be less than 50% of the number of directors; and
- (iii) the chair of the board has a casting vote in the event of a deadlock at a meeting of directors if that chair is not an independent director.

The Proxy Guidelines also include policies and procedures pursuant to which the Fund will determine how to cause proxies to be voted on non-routine matters including shareholder rights plans, proxy contests, mergers and restructurings and social and environmental issues.

The Proxy Guidelines apply to proxy votes that present a conflict between the interests of Mulvihill, MCM or an entity related thereto, on the one hand, and the interests of the securityholders of the Fund, on the other.

The Fund has retained ISS Governance Services, a subsidiary of RiskMetrics Group to administer and implement the Proxy Guidelines for the Fund.

The Proxy Guidelines are available upon request at no cost by calling toll-free at 1-800-725-7172 or by e-mail at [hybrid@mulvihill.com](mailto:hybrid@mulvihill.com).

The Fund maintains annual proxy voting records for the period beginning July 1 and ending June 30 of each year. These records are available after August 31 of each year at no cost by calling toll-free 1-800-725-7172 or on Mulvihill's website at [www.mulvihill.com](http://www.mulvihill.com).

#### **BROKERAGE ARRANGEMENTS**

The Investment Manager has been delegated authority to determine the brokerage arrangements of the Fund. Decisions that the Investment Manager may make as to the purchase and sale of portfolio securities and the execution of portfolio transactions for the Fund, including the selection of markets and dealers and the negotiation of commissions, are based on elements such as price, speed of execution, certainty of execution and total transactions costs.

During the year, certain companies provided investment decision-making services to the Manager and the Investment Manager. These included access to news wire services, real time and historical data, analyses and reports concerning various securities, company-specific research and opinions, quantitative and fundamental analyses, as well as trade execution and analyses through traditional and electronic trading platforms. The following companies provided such services: Bloomberg Tradebook Canada Company, BMO Capital Markets Corp., CIBC World Markets Inc., Citibank Canada Investment Funds Limited, International Strategy & Investment Group Inc., National Bank Financial Inc., RBC Capital Markets Corporation, Sanford C. Bernstein & Co., LLC, TD Securities Inc. and UBS Securities Canada Inc.

#### **TRUSTEE AND CUSTODIAN**

RBC Dexia Investor Services Trust, as successor to The Royal Trust Company, is the trustee of the Fund and acts as custodian of the assets of the Fund under the Trust Agreement. Pursuant to the terms of the Trust Agreement, the assets of the Fund may also be held by subcustodians.

The Trustee is responsible for certain aspects of the day-to-day administration of the Fund as described in the Trust Agreement, including executing instruments on behalf of the Fund, processing redemptions, calculating NAV, net income and net realized capital gains of the Fund and maintaining the books and records of the Fund.

The Trustee may resign upon 60 days' notice to Unitholders and Mulvihill or such lesser notice as Mulvihill may accept. The Trustee may be removed with the approval of a two-thirds majority vote cast at a meeting of Unitholders called for such purpose or by Mulvihill in the event the Trustee has committed certain events of bankruptcy or insolvency or is in material breach or default of its obligations under the Trust Agreement which breach has not been cured within 30 days after notice thereof has been given to the Trustee. Any such resignation or removal shall become effective only upon the acceptance of appointment by a successor. If the Trustee resigns or is removed by

Mulvihill, its successor may be appointed by Mulvihill. The successor must be approved by Unitholders if the Trustee is removed by Unitholders. If no successor has been appointed within 60 days, the Trustee or any Unitholder may apply to a court of competent jurisdiction for the appointment of a successor.

The address of the Trustee is 77 King Street West, 7th Floor, Toronto, Ontario, M5W 1P9.

The Trustee receives fees from the Fund for acting as trustee and custodian of the assets of the Fund and performing certain administrative services under the Trust Agreement and is reimbursed for all expenses and liabilities which are properly incurred by the Trustee in connection with the activities of the Fund.

## **REGISTRAR AND TRANSFER AGENT**

Computershare Investor Services Inc. at its principal offices in Toronto is the registrar and transfer agent for the Units. The register of the Fund is kept in Toronto, Ontario.

## **AUDITORS**

The auditors of the Fund are Deloitte & Touche LLP, Bay Wellington Tower - Brookfield Place, 181 Bay Street, Suite 1400, Toronto, Ontario, M5J 2V1.

## **CANADIAN FEDERAL INCOME TAX CONSIDERATIONS**

The following is a summary of the principal Canadian federal income tax considerations generally relevant to holders of Units who are individuals (other than trusts) and who, for purposes of the Tax Act, are resident in Canada, deal at arm's length with the Fund and hold their Units as capital property (each a "Holder"). This summary is based upon the facts set out in this annual information form, the current provisions of the Tax Act, the regulations thereunder, and the Fund's understanding of the current administrative practices of the Canada Revenue Agency (the "CRA") and the specific proposals to amend the Tax Act and regulations thereunder announced prior to the date hereof by the Minister of Finance (Canada) (the "Proposed Amendments"). No assurances can be given that the Proposed Amendments will become law as proposed or at all.

This summary is based on the following assumptions:

- (a) the Fund was not established and will not be maintained primarily for the benefit of non-resident persons;
- (b) the Fund will not make or hold any investment that would result in the Fund becoming a "SIFT trust" for purposes of the Tax Act. Among other requirements, in order for the Fund to so qualify:
  - (i) the Fund must not hold "securities" of a "subject entity" other than a "portfolio investment entity" (as defined in the Tax Act) if such securities have a total fair market value that is greater than 10% of the fair market value of all of the issued and outstanding shares or interests in such entity; and
  - (ii) the Fund must not hold "securities" of a "subject entity" other than a "portfolio investment entity" (as defined in the Tax Act) if, together with all of the securities that the Fund holds of entities affiliated with the particular subject entity, such securities have a total fair market value that is greater than 50% of the fair market value of all of the issued and outstanding Units of the Fund;
- (c) none of the issuers of the securities acquired or held by the Fund will be foreign affiliates of the Fund or of any Holder;
- (d) none of the securities acquired or held by the Fund will be a "tax shelter investment" within the meaning of section 143.2 of the Tax Act; and
- (e) none of the securities acquired or held by the Fund will be a "participating interest", other than an "exempt interest", in a "foreign investment entity" or a "tracking entity", or an interest in a non-resident trust other than an "exempt foreign trust" under tax proposals relating to foreign investment entities and non-resident trusts.

**This summary is not exhaustive of all possible federal income tax considerations and does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial action, other than the Proposed Amendments. This summary does not deal with foreign, provincial or territorial income tax considerations, which might differ from the federal considerations summarized herein.**

**This summary is of a general nature only and does not constitute legal or tax advice to any particular investor. Investors are advised to consult their own tax advisors with respect to the tax consequences to them of an investment in Units in their individual circumstances.**

### **Status of the Fund**

Provided that the Fund meets certain prescribed conditions (“minimum distribution requirements”) relating to the number of Unitholders, dispersal of ownership of Units and public trading of its Units at such time and provided that its sole undertaking is and continues to be the investing of its funds in property (other than real property or an interest in real property) as described in this annual information form, the Fund will qualify at a particular time as a “mutual fund trust” as defined in the Tax Act. This summary assumes that the Fund will satisfy the minimum distribution and other requirements to qualify at all relevant times as a mutual fund trust. An additional condition to qualify as a mutual fund trust for purposes of the Tax Act is that the Fund may not be established or maintained primarily for the benefit of non-resident persons unless, at all times, substantially all of its property consists of property other than “taxable Canadian property” within the meaning of the Tax Act. If certain Tax Proposals released on September 16, 2004 are enacted as proposed, the Fund would cease to qualify as a mutual fund trust for purposes of the Tax Act if, at any time after 2004, the fair market value of all Units held by non-residents, or partnerships that are not “Canadian partnerships” for the purpose of the Tax Act, or any combination of the foregoing, is more than 50% of the fair market value of all issued and outstanding Units unless no more than 10% (based on fair market value) of the Fund’s property is at any time “taxable Canadian property” within the meaning of the Tax Act and certain other types of specified property. Bill C-52, which received Royal Assent on June 22, 2007, amended the relevant provision of the Tax Act such that a trust is deemed not to be a mutual fund trust after any time when it can be reasonably considered that the trust was established or maintained primarily for the benefit of non-resident persons, unless at that time all or substantially all of its property is property other than taxable Canadian property. It is not clear whether this amendment supersedes the Tax Proposals released on September 16, 2004. If the Fund were not to so qualify as a mutual fund trust, the income tax consequences described below would in some respects be materially different.

Under the Tax Act, trusts or partnerships (defined as “SIFT trusts” and “SIFT partnerships”, respectively) the securities of which are listed or traded on a public market and that hold one or more “non-portfolio properties” (as defined in the Tax Act) are effectively taxed on income and capital gains in respect of such non-portfolio properties at combined rates comparable to the rates that apply to income earned and distributed by Canadian public corporations. Distributions of such income received by unitholders of SIFT trusts (and allocations of such income made to members of SIFT partnerships) are treated as eligible dividends from a taxable Canadian corporation. This summary assumes that the Fund will at no time be a SIFT trust.

### **Taxation of the Fund**

The Fund is subject to tax in each taxation year under Part I of the Tax Act on the amount of its income for the year computed pursuant to the Tax Act, including net realized taxable capital gains, less the portion thereof that it claims in respect of the amount paid or payable to Unitholders in the year. Income tax paid by the Fund on any net realized capital gains not paid or payable to its Unitholders is recoverable by the Fund to the extent and in the circumstances provided in the Tax Act.

In determining the income of the Fund, premiums received by the Fund on covered call options and cash covered put options written by the Fund (and which are not exercised prior to the end of the year) will constitute capital gains of the Fund in the year received, and gains or losses realized upon dispositions of securities of the Fund (whether upon the exercise of call options written by the Fund or otherwise) will constitute capital gains or capital losses of the Fund in the year realized unless the Fund is considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Fund has acquired the securities in a transaction or transactions considered to be an adventure in the nature of trade. The Fund will purchase the Portfolio with the objective of earning dividends thereon over the life of the Fund including dividends on securities acquired upon the

exercise of cash covered put options written by the Fund, will write covered call options with the objective of increasing the yield on the Portfolio beyond the dividends received on the Portfolio and will write cash covered put options to increase returns and to reduce the net cost of purchasing securities subject to put options. In accordance with CRA's published administrative practice, transactions undertaken by the Fund in respect of options and shares will be treated and reported for purposes of the Tax Act on capital account and designations by the Fund with respect to its income and capital gains, as described below, will be made and reported to Holders on this basis. Premiums received by the Fund on covered call (or cash covered put) options which are exercised in the taxation year in which the option is written by the Fund are added in computing the proceeds of disposition (deducted in computing the adjusted cost base) to the Fund of the securities disposed of (acquired by) the Fund on exercise of such call (put) options.

The Portfolio will include securities which are not denominated in Canadian dollars. Option premiums, the cost and proceeds of disposition of securities, dividends, interest and all other amounts will be determined for the purposes of the Tax Act in Canadian dollars in accordance with the Tax Act. The Fund may realize gains or losses by virtue of the fluctuation in the value of foreign currencies relative to Canadian dollars.

The Fund generally intends to deduct in computing its income in each taxation year for purposes of the Tax Act the full amount available for deduction in each year (computed on the assumption that options outstanding after the year end will expire unexercised) and therefore, provided that the Fund makes distributions in each year of its net income including net realized capital gains as described under the heading "Description of Units - Distributions", it will generally not be liable in such year for income tax under Part I of the Tax Act other than such tax on net realized capital gains that would be recoverable by it in such year.

The Tax Act provides for a special tax on designated income of certain trusts which have designated beneficiaries. This special tax does not apply to a trust for a taxation year if the trust is a mutual fund trust throughout such year. Accordingly, provided that the Fund qualifies, or is deemed to qualify, as a mutual fund trust throughout a taxation year, it will not be subject to the special tax for such taxation year.

### **Taxation of Holders**

A Holder will generally be required to include in the calculation of the Holder's income under the Tax Act the net income including the net realized taxable capital gains of the Fund paid or payable to the Holder in the year or deemed so paid or payable, whether received in cash or reinvested in additional Units. To the extent that distributions by the Fund to a Holder in any year exceed the net income including net realized capital gains of the Fund for the year computed pursuant to the Tax Act, such distributions generally will not be included in the calculation of the Holder's income for the year but will reduce the adjusted cost base of the Holder's Units.

The Fund will designate to the extent permitted by the Tax Act the portion of the net income distributed to Holder as may reasonably be considered to consist of net realized taxable capital gains of the Fund. Any such designated amount will be deemed for purposes of the Tax Act to be received or realized by Holder in the year as a taxable capital gain.

The Fund will also make designations in respect of its income from foreign sources so that, for the purpose of computing any foreign tax credit or deduction to a Holder, the Holder will be deemed to have paid as tax to the relevant foreign government that portion of the dividend withholding taxes or other applicable foreign taxes paid by the Fund to the relevant foreign government that is equal to the Holder's share of the Fund's income (calculated under the rules in the Tax Act) from such foreign source. A taxable Holder will generally be entitled to foreign tax credits or deductions in respect of such foreign dividend withholding taxes under and subject to the general foreign tax credit rules under the Tax Act and depending upon other foreign source income or loss of and foreign taxes paid by the Holder. Holders will be informed each year of the amount of the Fund's net income, net realized taxable capital gains, income from foreign sources and foreign taxes paid to enable the Holders to complete their income tax returns.

Under the Tax Act, a trust is permitted to deduct in computing its income an amount which is less than the amount of its distributions. This will enable the Fund to utilize, in a particular year, losses from prior years without affecting the ability of the Fund to distribute its income annually. The amount distributed to a Holder but not deducted by the

Fund will not be required to be included in the income of the Holder. However, unless such amount relates to the non-taxable portion of capital gains, the taxable portion of which has been allocated to the Holder, the adjusted cost base of the Holder's Units would be reduced by such amount.

The NAV per Unit of the Fund will reflect any income and gains of the Fund that have accrued or have been realized but not made payable at the time Units are acquired. Consequently, Holders of Units of the Fund that acquire additional Units including on the reinvestment of distributions may become taxable on their share of income and gains of the Fund that accrued or were realized before the Units were acquired and not made payable at such time.

Upon the actual or deemed disposition of a Unit, including on a sale or redemption, a capital gain (or capital loss) will generally be realized by the Holder to the extent that the Holder's proceeds of disposition exceed (or are less than) the aggregate of the adjusted cost base to the Holder of the Unit and any reasonable costs of disposition. For the purpose of determining the adjusted cost base to a Holder of Units, when a Unit is acquired, whether on a reinvestment of distributions or otherwise, the cost of the newly-acquired Unit will be averaged with the adjusted cost base of all of the Units owned by the Holder as capital property at that time. The cost to a Holder of Units received on the reinvestment of distributions of the Fund will be equal to the amount reinvested. If a Holder participates in the Plan and acquires a Unit from the Fund at a price that is less than the then fair market value of the Unit, it is the administrative position of the CRA that the Holder must include the difference in income and that the cost of the Unit will be correspondingly increased.

One-half of any capital gain ("taxable capital gain") realized on the disposition of Units will be included in the Holder's income and one-half of any capital loss realized may be deducted from taxable capital gains in accordance with the provisions of the Tax Act.

Holders are generally subject to an alternative minimum tax. In general terms, net income of the Fund paid or payable to a Holder will not increase the Holder's liability under the Tax Act for alternative minimum tax. Amounts designated as eligible dividends or net realized capital gains paid or payable to a Holder by the Fund or net capital gains realized on the disposition of Units by the Holder may increase the Holder's liability for alternative minimum tax.

### **Eligibility for Investment**

Provided that the Fund qualifies as a mutual fund trust within the meaning of the Tax Act or that Units continue to be listed on the TSX or any other "designated stock exchange" (as defined in the Tax Act), Units will be qualified investments under the Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered disability savings plans, registered education savings plans and tax-free savings accounts.

### **RISK FACTORS**

The following are certain considerations relating to an investment in Units which investors should consider, along with other factors relating to an investment in the Fund's Units.

#### **Current Economic Conditions**

During recent months, both domestic and foreign financial markets have been characterized by increased volatility. This has been due, in part, to a revaluation of assets on the balance sheets of international financial institutions, as well as the securities of those issuers. Access to public financing has been negatively affected and no assurance can be made that the combined impact of the significant revaluations and constraints on the availability of credit will not materially and adversely affect economies around the world in the near to medium term. If such heightened levels of volatility and current market turmoil continue, the value of the Fund's investments could be adversely affected.

#### **Net Asset Value and Distributions**

There is no assurance that the Fund will be able to achieve its stated investment objectives of paying quarterly distributions and returning the original issue price to Unitholders upon termination of the Fund. The NAV of the

Fund and the funds available for distribution to Unitholders will vary according, among other things, to the value of all of the securities comprising the Portfolio, the dividends paid thereon and the level of option premiums received. As the dividends received by the Fund will not be sufficient to meet the Fund's objectives in respect of the payment of distributions, the Fund depends and will depend on the receipt of option premiums to meet those objectives. Although many investors and financial market professionals price options based on the Black-Scholes Model, in practice actual option premiums are determined in the marketplace and there can be no assurance that the values generated by such pricing model can be attained.

### **Interest Rate Fluctuations**

It is anticipated that the market price of the Units will at any time be affected by the level of interest rates prevailing at such time. A rise in interest rates may have a negative effect on the market price of the Units.

### **Use of Options and Other Derivative Instruments**

The Fund is subject to the full risk of its investment position in the securities comprising the Portfolio, including those securities that are subject to outstanding call options, and those securities underlying put options written by the Fund, should the market price of such securities decline. In addition, the Fund will not participate in any gain on the securities that are subject to outstanding call options above the strike price of the options.

There can be no assurance that a liquid exchange or over-the-counter market will exist to permit the Fund to write covered call options or cash covered put options on desired terms or to close out option positions should MCM desire to do so. The ability of the Fund to close out its positions may also be affected by exchange imposed daily trading limits on options or the lack of a liquid over-the-counter market. If the Fund is unable to repurchase a call option which is in-the-money, it will be unable to realize its profits or limit its losses until such time as the option becomes exercisable or expires. In addition, upon the exercise of a put option, the Fund will be obligated to acquire a security at a strike price that may exceed the then current market value of such security.

In purchasing call or put options or entering into forward or future contracts, the Fund is subject to the credit risk that its counterparty (whether a clearing corporation in the case of exchange traded instruments, or other third party in the case of over-the-counter instruments) may be unable to meet its obligations.

### **Foreign Currency Exposure**

As a significant portion of the Portfolio may be comprised of securities and options denominated in U.S. dollars or other foreign currencies, the NAV of the Fund and the value of the dividends and option premiums received by the Fund will, when measured in Canadian dollars, be affected by fluctuations in the value of the U.S. dollar or other foreign currencies relative to the Canadian dollar.

### **Trading at a Discount**

The Fund cannot predict whether Units will trade above, at or below NAV per Unit.

### **Foreign Market Exposure**

The Portfolio may, at any time, consist of securities of issuers established in jurisdictions outside Canada and the United States. Although most of such issuers will be subject to uniform accounting, auditing and financial reporting standards comparable to those applicable to Canadian and U.S. companies, some issuers may not be subject to such standards and, as a result, there may be less publicly available information about such issuers than a Canadian or U.S. company. Volume and liquidity in some foreign stock markets may be less than in Canada and the U.S. and, at times, volatility of price may be greater than in Canada or the U.S. As a result, the price of ADRs may be affected by conditions in the market on which the securities underlying the ADRs are traded.

### **Reliance on the Investment Manager**

MCM manages the Fund's portfolio in a manner consistent with the investment objectives, strategy and criteria of the Fund. The officers of MCM who are primarily responsible for the management of the Portfolio have extensive

experience in managing investment portfolios. There is no certainty that such individuals will continue to be employees of MCM throughout the term of the Fund.

### **Significant Redemptions**

Units are redeemable annually and monthly for a price based on NAV per Unit (which represents the value that the Fund is able to obtain in the market when it sells portfolio securities to fund the redemption). The purpose of the annual redemption right is to prevent the Units from trading at a substantial discount to this value and to provide Unitholders with the right to realize their investment once per year without any trading discount to such value. While the annual redemption right provides Unitholders the option of annual liquidity, there can be no assurance that it will reduce trading discounts. If a significant number of Units are redeemed, the trading liquidity of the Units could be significantly reduced. In addition the expenses of the Fund would be spread among fewer Units potentially resulting in lower NAV.

### **Taxation of the Fund**

In determining its income for tax purposes, the Fund will treat gains and losses realized on the disposition of securities in the Portfolio, option premiums received on the writing of covered call options and cash covered put options and any losses sustained on closing out options as capital gains and capital losses in accordance with CRA's published administrative practice. CRA's practice is not to grant advance income tax rulings on the characterization of items as capital or income and no advance income tax ruling has been applied for or received from CRA.

If, contrary to CRA's published administrative practice, some or all of the transactions undertaken by the Fund in respect of options and securities in the Portfolio were treated on income rather than capital account, after-tax returns to Unitholders could be reduced and the Fund may be subject to non-refundable income tax from such transactions.

Currently, a trust will be deemed not to be a mutual fund trust if it is established or maintained primarily for the benefit of non-residents unless all or substantially all of its property is property other than taxable Canadian property as defined in the Tax Act. On September 16, 2004, the Minister of Finance (Canada) released Proposed Amendments which propose that a trust would lose its status as a mutual fund trust if at any time after 2004 the aggregate fair market value of all units issued by the trust held by one or more non-resident persons or partnerships that are not Canadian partnerships, or any combination thereof, is more than 50% of the aggregate fair market value of all units issued by the trust where, at that time or any previous time, more than 10% (based on fair market value) of the trust's property is taxable Canadian property or certain other types of specified property (the "September 16th Proposed Amendments"). If these circumstances applied to the Fund, the Fund would thereafter cease to be a mutual fund trust and the income tax considerations as described under "Canadian Federal Income Tax Considerations" would in some respects be materially different. The September 16th Proposed Amendments do not currently provide any means of rectifying a loss of mutual fund trust status. Bill C-52, which received Royal Assent on June 22, 2007, amended the relevant provision of the Tax Act such that a trust is deemed not to be a mutual fund trust after any time when it can be reasonably considered that the trust was established or maintained primarily for the benefit of non-resident persons, unless at that time all or substantially all of its property is property other than taxable Canadian property. It is not clear whether this amendment supersedes the September 16th Tax Proposals.

Under the Tax Act, trusts or partnerships (defined as "SIFT trusts" and "SIFT partnerships", respectively) the securities of which are listed or traded on a public market and that hold one or more "non-portfolio properties" (as defined) are effectively taxed on income and capital gains in respect of such non-portfolio properties at combined rates comparable to the rates that apply to income earned and distributed by Canadian public corporations. Distributions of such income received by unitholders of SIFT trusts (and allocations of such income made to members of SIFT partnerships) are treated as eligible dividends from a taxable Canadian corporation. If the Fund were to qualify as a SIFT trust within the meaning of the Tax Act, the income tax considerations described under the heading "Canadian Federal Income Tax Considerations" would be materially and adversely different in certain respects.

Unitholders may in certain circumstances elect to receive quarterly cash distributions paid by the Fund in U.S. dollars. The Fund is required to determine its "Canadian tax results" as defined in the Tax Act (which generally includes income, taxable income, most amounts payable by or refundable to the Fund and amounts that are relevant in computing such amounts) in Canadian dollars. Recent retroactive amendments to the Tax Act enacted on

December 14, 2007 provide that an amount that is relevant in determining Canadian tax results and that is expressed in a currency other than the Canadian dollar is to be converted into Canadian dollars using the rate of exchange quoted by the Bank of Canada at noon on the day on which the amount first arose, or using such other exchange rate as is acceptable to the Minister of National Revenue (the “Minister”). For purposes of making cash distributions in U.S. dollars, the Calculation Agent determines the U.S. dollar equivalent of the cash distribution paid by the Fund to electing Unitholders by applying the Bank of Canada noon buying rate on the business day before the relevant distribution date. There can be no assurance that the Bank of Canada noon buying rate on such date will be a rate that is acceptable to the Minister for purposes of determining the Canadian dollar amount payable by the Fund to such Unitholders.

### **Calculation and Dissemination of Indices**

Neither Standard & Poor’s nor Morgan Stanley Capital International Inc. is under any obligation to continue the calculation and dissemination of the S&P 100 Index or the Morgan Stanley Capital International Inc. country indices, respectively. The Fund assumes no responsibility for the calculation and dissemination of any index or for any errors or omissions therein.

If any of the indices ceases to be maintained, the Fund may take such action as is determined by the Manager in its sole discretion in order to continue to operate the Fund in accordance with its investment strategy, including without limitation, replacing either the index with an equivalent replacement or substitute index.

### **WEBS**

WEBS of any series and the related Morgan Stanley Capital International Inc. indices may not track general stock market performance in the index countries and Morgan Stanley Capital International Inc. (“Morgan Stanley Capital”) has no obligation to take the needs of investors in WEBS into consideration in determining, composing or calculating the Morgan Stanley Capital International Inc. indices. WEBS will generally be issued and redeemed in specified large blocks of the underlying securities for each series, called creation units. If there is not a liquid market for any WEBS series, or if any WEBS series is discontinued, the Fund may not be able to achieve their desired level of global diversification.

### **MATERIAL CONTRACTS**

The following contracts can reasonably be regarded as material to holders of Units:

- (a) the Trust Agreement; and
- (b) the Investment Management Agreement.

Copies of the foregoing agreements may be inspected during business hours at the principal office of the Fund.

## **ADDITIONAL INFORMATION**

Additional information about the Fund is available in the Fund's management reports of fund performance and financial statements.
