- (1) The Subscription Price is the most recently calculated NAV per Unit prior to the date of the setting of the Subscription Price plus the per Unit fees and expenses of the Offering plus the Warrant Exercise Fee, less an amount to compensate for the Retraction Fee (as defined herein) payable in connection with the retraction of shares by a holder thereof.

The Fund is a mutual fund corporation incorporated under the laws of the Province of Ontario on January 26, 2007. The principal office of the Fund is located at 121 King Street West, Standard Life Centre, Suite 2600, Toronto, Ontario, M5H 3T9. The Fund invests in a portfolio of common shares of The Bank of Nova Scotia. The investment objectives for the Class A Shares are:

- (a) to provide Shareholders with regular monthly cash distributions targeted to be 6.00% per annum on the NAV of the Class A Shares; and
- (b) to provide Shareholders with the opportunity for leveraged growth in NAV and distributions per Class A Share.

The investment objectives for the Preferred Shares are:

- (a) to provide holders of Preferred Shares with fixed cumulative preferential monthly cash distributions in the amount of \$0.04375 per Preferred Share (\$0.525 per year) representing a yield on the original issue price of the Preferred Shares of 5.25% per annum; and
- (b) to return the original issue price of \$10.00 per Preferred Share to holders of Preferred Shares at the time of redemption of such shares on December 1, 2014.

There is no assurance that the Fund will be able to achieve its investment objectives. See “Risk Factors” for a discussion of certain factors that should be considered by Warrantholders.

The value of a Unit will be reduced if the NAV per Unit exceeds \$18.42 and one or more Warrants is exercised. If a Shareholder does not exercise Warrants in such circumstances, such Shareholder’s *pro rata* interest in the assets of the Fund will be diluted. To maintain the Shareholder’s *pro rata* interest in the assets of the Fund, the Shareholder will be required to pay in connection with the exercise of a Warrant an additional amount equal to the Subscription Price. While a Shareholder may sell the Shareholder’s Warrants, no assurance can be given that the proceeds of such sale will compensate the Shareholder for such dilution. Holders of Preferred Shares will not receive any Warrants under the Offering. While the exercise of Warrants should not dilute the interests of the holders of Preferred Shares, such exercise could reduce the then-current asset coverage ratio applicable to the Preferred Shares. In no circumstances, however, should such asset coverage ratio, even if so reduced, be less than the asset coverage ratio that will apply immediately following the closing of the Offering. See “Details of the Offering — Warrant Considerations”.

Subscriptions for Units made in connection with the Offering will be irrevocable and subscribers will be unable to withdraw their subscriptions for Units once submitted. Warrant certificates will not be issued to Shareholders in connection with the Offering.

The Fund utilizes the book-entry only system with respect to the Class A Shares and the Preferred Shares and the book-based system with respect to the Warrants, both of which are administered by CDS Clearing and Depository Services Inc. (“CDS”). The Fund may also utilize the non-certificated issue system or another system administered by CDS. A Warrantholder may subscribe for Units by instructing the participant in CDS (a “CDS Participant”) holding the subscriber’s Warrants to exercise all or a specified number of such Warrants and concurrently forwarding the Subscription Price for each Unit subscribed for to such CDS Participant. See “Details of the Offering — Basic Subscription Privilege”.

Warrantholders wishing to subscribe for additional Units (“Additional Units”) under the Additional Subscription Privilege must forward their request to their CDS Participant prior to 5:00 p.m. (Toronto time) on the Expiry Date, along with payment for the Additional Units requested. Any excess funds will be returned by mail or credited to the subscriber’s account with its CDS Participant without interest or deduction. See “Details of the Offering — Additional Subscription Privilege”.

Warrantholders that wish to acquire Units pursuant to the Offering must provide the CDS Participant holding their Warrants with instructions and the required payment sufficiently in advance of the Expiry Date to permit the proper exercise of their Warrants. CDS Participants will have an earlier deadline for receipt of instructions and payment.

Computershare Trust Company of Canada (the “Warrant Agent”) has been appointed the warrant agent of the Fund to receive subscriptions and payments from Warrantholders, to act as registrar and transfer agent for the Warrants and to perform certain services relating to the exercise and transfer of Warrants. Warrantholders desiring to exercise Warrants and purchase Units should ensure that subscriptions and payment in full of the Subscription Price are received by the Warrant Agent prior to 5:00 p.m. (Toronto time) on the Expiry Date. See “Details of the Offering — Exercise of Warrants and Warrant Agent”.

Provided that the Fund continues to qualify at all times as a mutual fund corporation within the meaning of the *Income Tax Act* (Canada) (the “Tax Act”) or the Class A Shares or the Preferred Shares are listed on a “designated stock exchange” for purposes of the Tax Act (which includes the TSX), Class A Shares and Preferred Shares issued as a result of the exercise of Warrants will be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered disability savings plans, registered education savings plans and tax-free savings accounts (each, a “registered plan”). Provided that the Warrants are listed on a designated stock exchange, or provided that at all times Class A Shares and the Preferred Shares are qualified investments for registered plans and the Fund is not, and deals at arm’s length with each person who is, an annuitant, a beneficiary, an employer or a subscriber under, or a holder of, the relevant registered plan within the meaning of the Tax Act, the Warrants will be a qualified investment under the Tax Act for a registered plan. Holders of trusts governed by a tax-free savings account should consult their own tax advisors to ensure that neither Class A Shares, Preferred Shares nor Warrants would be a “prohibited investment” as defined in the Tax Act in their particular circumstances. See “Canadian Federal Income Tax Considerations — Taxation of Registered Plans”.

THE FUND

S Split Corp. (the “Fund”) is a mutual fund corporation incorporated under the laws of the Province of Ontario on January 26, 2007. The principal office of the Fund is located at 121 King Street West, Standard Life Centre, Suite 2600, Toronto, Ontario, M5H 3T9.

While the Fund is technically considered to be a mutual fund corporation under the securities legislation of certain provinces of Canada, the Fund is not a conventional mutual fund and has received exemptions from certain requirements of National Instrument 81-102 – *Mutual Funds* of the Canadian Securities Administrators.

Summary Description of the Fund

Investment Rationale

The Fund invests in a portfolio of common shares (“BNS Shares”) of The Bank of Nova Scotia (“BNS”). Investors in the Fund’s Class A Shares receive leveraged exposure to the performance of BNS, including increases or decreases in the value of BNS Shares and increases or decreases in the dividends paid on BNS Shares. Investors in the Fund’s Preferred Shares receive attractive monthly distributions on a fixed, cumulative and preferential basis.

Investment Objectives

The investment objectives for the Class A Shares are:

- (a) to provide holders of Class A Shares (“Shareholders”) with regular monthly cash distributions targeted to be 6.00% per annum on the net asset value (“NAV”) of the Class A Shares; and
- (b) to provide Shareholders with the opportunity for leveraged growth in NAV and distributions per Class A Share.

The investment objectives for the Preferred Shares are:

- (a) to provide holders of Preferred Shares with fixed cumulative preferential monthly cash distributions in the amount of \$0.04375 per Preferred Share (\$0.525 per year) representing a yield on the original issue price of the Preferred Shares of 5.25% per annum; and
- (b) to return the original issue price of \$10.00 per Preferred Share to holders of Preferred Shares at the time of redemption of such shares on December 1, 2014 (the “Termination Date”).

Investment Strategies

To achieve its investment objectives, the Fund invests in BNS Shares. To generate additional returns above the dividend income earned on BNS Shares, the Fund may, from time to time, write covered call options in respect of some or all of the securities in its portfolio. The Fund may also purchase put options to protect the Fund from declines in the market prices of BNS Shares. The Fund may also, from time to time, write cash-covered put options to generate additional returns and to reduce the net cost of acquiring the securities subject to put options. Such cash-covered put options will only be written in respect of securities in which the Fund is permitted to invest. The Fund may also enter into trades to close out positions in such permitted derivatives, including, to the extent permitted by Canadian securities regulators from time to time, purchasing put options and call options with the effect of closing out existing call options and put options written by the Fund.

The Fund may, from time to time, hold a portion of its assets in cash equivalents. The Fund may also, from time to time, utilize such cash equivalents to provide cover in respect of the writing of cash-covered put options or for other defensive purposes.

The composition of the portfolio, the BNS Shares that may be subject to call options and put options and the terms of such options will vary from time to time, based on an assessment of market conditions by the Fund’s investment manager, Mulvihill Capital Management Inc. (“MCM” or the “Investment Manager”).

Current Portfolio

The following table presents unaudited information relating to the sector allocation of the Fund as of October 31, 2009:

% of Portfolio in BNS Shares.....	94.2%
% of Portfolio in Cash & Short Term Investments.....	5.8%

Recent Developments

On August 18, 2009, the Toronto Stock Exchange (the “TSX”) accepted the Fund’s notice of intention to make a normal course issuer bid. Under the bid, the Fund has the right to purchase up to a maximum of 383,350 Class A Shares and 383,350 Preferred Shares together in Units. The normal course issuer bid will remain in effect until the earlier of August 19, 2010, the termination of the bid by the Fund or the Fund purchasing the maximum number of Units permitted under the bid. Class A Shares and Preferred Shares purchased by the Fund pursuant to the bid will be cancelled. To date, the Fund has not purchased any Units under the bid.

Management and Investment Management

Mulvihill Fund Services Inc. (“Mulvihill” or the “Manager”), the manager of the Fund, is a leading provider of structured investment products. The principal office of Mulvihill is located at 121 King Street West, Standard Life Centre, Suite 2600, Toronto, Ontario, M5H 3T9. Mulvihill is a wholly-owned subsidiary of MCM.

MCM is the investment manager of the Fund and is one of the largest managers of covered call option funds in Canada with total assets under management of approximately \$800 million. The Investment Manager implements the investment strategy of the Fund from its principal office in Toronto, Ontario.

RATIONALE FOR THE OFFERING

The exercise of Warrants by holders will provide the Fund with additional capital that can be used to take advantage of attractive investment opportunities and is also expected to increase the trading liquidity of the Class A Shares and the Preferred Shares and to reduce the management expense ratio of the Fund.

DETAILS OF THE OFFERING

The following is a summary only and is subject to, and is qualified in its entirety by reference to the detailed provisions of the master warrant indenture (the “Warrant Indenture”) to be dated as of the date of the closing of the Offering between Mulvihill, in its capacity as manager of the Fund and Computershare Trust Company of Canada.

Warrants

Subject to the Fund obtaining all necessary regulatory and exchange approvals, Shareholders at the close of business (Toronto time) on November 19, 2009 (the “Record Date”) will be issued 3,818,100 Warrants to subscribe for and purchase an aggregate of approximately 3,818,100 Units. Each Shareholder will receive one transferable Warrant for each Class A Share held. Each Warrant will entitle the holder thereof (a “Warrantholder”) to acquire one Unit upon payment of \$18.75 (the “Subscription Price”) prior to 5:00 p.m. (Toronto time) on March 31, 2010 (the “Expiry Date”). The Subscription Price is the most recently calculated NAV per Unit prior to the date of the setting of the Subscription Price plus the per Unit fees and expenses of the Offering plus the Warrant Exercise Fee (as defined below), less an amount to compensate for the Retraction Fee (as defined below) payable in connection with the retraction of shares by a holder thereof. Each Unit consists of one transferable, redeemable Class A Share and one transferable, redeemable Preferred Share.

Exercise of Warrants and Warrant Agent

Warrants may be exercised at any time during the period (the “Exercise Period”) commencing at market open (Toronto time) on December 1, 2009 and ending at 5:00 p.m. (Toronto time) on the Expiry Date.

WARRANTS NOT EXERCISED PRIOR TO 5:00 P.M. (TORONTO TIME) ON THE EXPIRY DATE WILL BE VOID AND OF NO VALUE. If a Shareholder does not exercise, or sells, the Warrants, then the value of the Shareholder's investment may be diluted as a result of the exercise of Warrants by others. See "Details of the Offering — Warrant Considerations".

Computershare Trust Company of Canada (the "Warrant Agent") has been appointed the warrant agent of the Fund to receive subscriptions and payments from Warranholders, to act as registrar and transfer agent for the Warrants and to perform certain services relating to the exercise and transfer of Warrants. The Fund will pay for the services of the Warrant Agent. Warranholders desiring to exercise Warrants and purchase Units should ensure that subscriptions and payment in full of the Subscription Price are received by the Warrant Agent prior to 5:00 p.m. (Toronto time) on the Expiry Date.

The Class A Shares and the Preferred Shares purchased pursuant to the Warrants so exercised shall be deemed to have been issued and the person or persons in whose name or names such shares are to be registered shall be deemed to have become the holder or holders of record of such shares on the date on which such shares are entered into the register maintained by the Fund's transfer agent for such shares. Units will only be issued pursuant to the Additional Subscription Privilege after all necessary calculations have been made following the Expiry Date as described under "Details of the Offering — Additional Subscription Privilege".

Basic Subscription Privilege

A Warranholder may subscribe for the resulting whole number of Units or any lesser whole number of Units by instructing the participant (the "CDS Participant") in CDS Clearing and Depository Services Inc. ("CDS") holding the subscriber's Warrants to exercise all or a specified number of such Warrants and forwarding the Subscription Price for each Unit subscribed for in accordance with the terms of the Offering and the Warrant Indenture to the CDS Participant that holds the subscriber's Warrants.

The Subscription Price is payable in Canadian funds by certified cheque, bank draft or money order drawn to the order of a CDS Participant, by direct debit from the subscriber's brokerage account or by electronic funds transfer or other similar payment mechanism. All payments must be forwarded to the appropriate office of the CDS Participant. The entire Subscription Price for Units subscribed for must be paid at the time of subscription and must be received by the Warrant Agent prior to 5:00 p.m. (Toronto time) on the Expiry Date. **If mail is used for delivery of subscription funds, for the protection of the subscriber, "certified mail – return receipt requested" should be used and sufficient time should be allowed to avoid the risk of late delivery. A subscriber subscribing through a CDS Participant must deliver its payment and instructions sufficiently in advance of the Expiry Date to allow the CDS Participant to properly exercise the Warrants on such subscriber's behalf. Warranholders are encouraged to contact their broker or other CDS Participant as each CDS Participant may have a different cut-off time.**

CDS Participants that hold Warrants for more than one beneficial holder may, upon providing evidence satisfactory to the Fund and the Warrant Agent during the Exercise Period, exercise Warrants on behalf of their accounts on the same basis as if the beneficial owners of such Warrants were the holders of record.

Notwithstanding anything to the contrary in this short form prospectus, the Warrants may be exercised only by a Warranholder who represents at the time of exercise that the Warranholder is not located in the United States, did not acquire the Warrants while in the United States, is not a U.S. person (as defined in Regulation S under the U.S. *Securities Act of 1933*, as may be amended from time to time (the "1933 Act")) and is not exercising the Warrants for resale to or for the account or benefit of a U.S. person or a person in the United States. Payment of the Subscription Price will constitute a representation to the CDS Participant that the subscriber is not located in the United States, did not acquire Warrants while in the United States, is not a U.S. person and is not exercising the Warrants for resale to or for the account or benefit of a U.S. person or a person in the United States.

Subscriptions for Units made in connection with the Offering through a CDS Participant will be irrevocable and subscribers will be unable to withdraw their subscriptions for Units once submitted.

Warrantheolders who wish to exercise their Warrants and receive Units are reminded that because Warrants must be exercised through a CDS Participant, a significant amount of time may elapse from the date of exercise and the date the Units issuable upon the exercise thereof are issued to the subscriber.

Additional Subscription Privilege

Each Warrantheolder that subscribes for all of the Units to which such holder is entitled pursuant to the Basic Subscription Privilege may, at any time during the Exercise Period, subscribe for additional Units (“Additional Units”) pursuant to the Additional Subscription Privilege, if applicable, at a price equal to the Subscription Price for each Additional Unit. Warrantheolders must exercise all of their Warrants under the Basic Subscription Privilege to be eligible for the Additional Subscription Privilege.

The aggregate number of Additional Units available under the Additional Subscription Privilege for all additional subscriptions will be the difference, if any, between the total number of Units issuable upon exercise of the Warrants and the total number of Units subscribed and paid for prior to 5:00 p.m. (Toronto time) on the Expiry Date. Subscriptions for Additional Units will be received subject to allotment only and the number of Additional Units, if any, which may be allotted to each subscriber will be equal to the lesser of: (a) the number of Additional Units which that subscriber has subscribed for under the Additional Subscription Privilege, and (b) the product (disregarding fractions) obtained by multiplying the number of available Additional Units by a fraction, the numerator of which is the number of Warrants exercised by that subscriber under the Basic Subscription Privilege and the denominator of which is the aggregate number of Warrants exercised under the Basic Subscription Privilege by Warrantheolders that have subscribed for Additional Units pursuant to the Additional Subscription Privilege. If any Warrantheolder has subscribed for fewer Additional Units than such holder’s *pro rata* allotment of Additional Units, the excess Additional Units will be allotted in a similar manner among the holders who were allotted fewer Additional Units than they subscribed for.

To apply for Additional Units under the Additional Subscription Privilege, a beneficial Warrantheolder must forward the holder’s request to a CDS Participant prior to 5:00 p.m. (Toronto time) on the Expiry Date. Payment for Additional Units, in the same manner as for Units, must accompany the request when it is delivered to the CDS Participant. Any excess funds will be returned by mail or credited to a subscriber’s account with its CDS Participant without interest or deduction. Payment in full of the Subscription Price must be received by the Warrant Agent prior to 5:00 p.m. (Toronto time) on the Expiry Date, failing which the subscriber’s entitlement to such Units will terminate. Accordingly, the subscriber must deliver payment and instructions sufficiently in advance of the Expiry Date to allow the CDS Participant to properly apply for Additional Units under the Additional Subscription Privilege. Units issued pursuant to the Additional Subscription Privilege will only be issued after all necessary calculations have been made following the Expiry Date.

Sale or Transfer of Warrants

Warrantheolders in Canada may, instead of exercising their Warrants to subscribe for Units, sell or transfer their Warrants. Holders of Warrants through CDS Participants who wish to sell or transfer their Warrants must do so in the same manner as they sell or transfer Class A Shares or Preferred Shares, namely, by providing instructions to the CDS Participant holding their Warrants in accordance with the policies and procedures of the CDS Participant. The TSX has conditionally approved the listing of the Warrants. Listing is subject to the Fund’s fulfilling all of the requirements of the TSX on or before January 12, 2010.

Warrant Considerations

The value of a Unit will be reduced if the NAV per Unit exceeds \$18.42 (being the Subscription Price payable on the exercise of a Warrant less the Warrant Exercise Fee (as defined below)) and one or more Warrants is exercised. If the NAV per Unit exceeds \$18.42, then a Shareholder will face dilution of its investment to the extent Warrantheolders exercise their Warrants and acquire Units. If a Shareholder does not exercise Warrants in such circumstances, such Shareholder’s *pro rata* interest in the assets of the Fund will be diluted.

Due to the dilutive effect on the value of the Units when Warrants are exercised, Shareholders should carefully consider the exercise of the Warrants or the sale of the Warrants prior to the Expiry Time. The failure to take either such action in the circumstances described above will result in the loss of value to the investor. To

maintain the Shareholder's *pro rata* interest in the assets of the Fund, the Shareholder will be required to pay in connection with the exercise of a Warrant an additional amount equal to the Subscription Price. While a Shareholder may sell the Shareholder's Warrants, no assurance can be given that the proceeds of such sale will compensate the Shareholder for such dilution. The factors that would be expected to influence the price of a Warrant include the difference between the Subscription Price and the NAV per Unit calculated on a diluted basis, price volatility, distributions payable on the Class A Shares and the remaining time to expiry of the Warrant.

Holders of Preferred Shares will not receive any Warrants under the Offering. While the exercise of Warrants should not dilute the interests of the holders of Preferred Shares, such exercise could reduce the then-current asset coverage ratio applicable to the Preferred Shares. In no circumstances, however, should such asset coverage ratio, even if so reduced, be less than the asset coverage ratio that will apply immediately following the closing of the Offering.

Anti-dilution Provisions

The Warrant Indenture contains anti-dilution provisions such that the subscription rights in effect under the Warrants for Units issuable upon the exercise of the Warrants will be subject to adjustment from time to time if, prior to the expiry time (5 p.m. Toronto time) on the Expiry Date, the Fund:

- (a) subdivides, re-divides or changes its outstanding Class A Shares or Preferred Shares into a greater number of shares;
- (b) reduces, combines or consolidates its outstanding Class A Shares or Preferred Shares into a smaller number of shares;
- (c) distributes to holders of all or substantially all of the outstanding Class A Shares or Preferred Shares any securities of the Fund including rights, options or warrants to acquire Class A Shares or Preferred Shares or securities convertible into or exchangeable for Class A Shares or Preferred Shares or property or assets, including evidence of indebtedness (other than in connection with the distribution and exercise of the Warrants);
- (d) reclassifies the Class A Shares or Preferred Shares or otherwise reorganizes the capital of the Fund; or
- (e) consolidates, amalgamates or merges the Fund with or into any other investment fund or other entity, or sells or conveys the property and assets of the Fund as an entirety or substantially as an entirety (other than in connection with the retraction or redemption of Class A Shares or Preferred Shares).

Delivery Form and Denomination of Warrants

The Warrants are expected to be evidenced by a warrant certificate registered in the name of CDS or its nominee pursuant to CDS' book-based or book-entry only system or in another manner acceptable to the Fund. Shareholders hold their Class A Shares through a CDS Participant and will not receive physical certificates evidencing their ownership of Warrants. On the Record Date, a certificate representing the Warrants will be issued in registered form to CDS or its nominee.

All Warrantholders hold their Warrants through a CDS Participant, except where the issuance of physical certificates evidencing ownership in such securities is necessary to facilitate Warrant exercises. The Fund expects that each Shareholder will receive a confirmation of the number of Warrants issued to it under the Offering from its CDS Participant in accordance with the practices and procedures of that CDS Participant. CDS will be responsible for establishing and maintaining book-based accounts for its participants holding Warrants.

None of the Fund, the Manager or the Warrant Agent will have any liability for: (a) the records maintained by CDS or CDS Participants relating to the Warrants or the book-based accounts maintained by them; (b) maintaining, supervising or reviewing any records relating to such Warrants; or (c) any advice or representations

made or given by CDS or CDS Participants with respect to the rules and regulations of CDS or any action to be taken by CDS or its participants.

The ability of a person having an interest in Warrants held through a CDS Participant to pledge such interest or otherwise take action with respect to such interest (other than through a CDS Participant) may be limited due to the lack of a physical certificate. Warrantholders must arrange purchases and transfers of, and for the issuance of Warrant certificates for the purpose of exercises of, Warrants through CDS Participants.

FEES AND EXPENSES

Expenses of the Offering

The expenses of the Offering (including the costs of preparing and printing this short form prospectus, legal expenses, expenses of the auditor and translation fees), which are estimated to be \$150,000 in the aggregate, will be paid by the Fund.

Warrant Exercise Fee

Within 30 days of the proper exercise of a Warrant, the Fund will pay a fee (the “Warrant Exercise Fee”) of \$0.33 per Warrant to the dealer whose client exercised the Warrant.

Management Fees

The Manager receives a management fee equal to 0.10% per annum of the NAV, calculated and payable monthly, plus applicable taxes.

Investment Management Fees

The Investment Manager receives an investment management fee equal to 1.55% per annum of the NAV, calculated and payable monthly, plus applicable taxes.

Service Fee

The Fund pays a service fee (the “Service Fee”) to each dealer whose clients hold Class A Shares. The Service Fee is calculated and paid at the end of each calendar quarter and is equal to 0.50% annually of the value of the Class A Shares held by clients of the dealer. For these purposes, the value of a Class A Share is the NAV per Unit less \$10.00. No Service Fee is paid in any calendar quarter if regular distributions are not paid to Shareholders in respect of each month in such calendar quarter.

Ongoing Expenses

The Fund pays for all fees and expenses incurred in connection with its operation and administration. In addition to those expenses described in the Annual Information Form incorporated by reference herein, these expenses will include fees payable to the Warrant Agent.

DESCRIPTION OF SHARE CAPITAL

The Fund is authorized to issue an unlimited number of Class A Shares, Preferred Shares and Class J Shares. A trust established for the benefit of shareholders owns all 100 outstanding Class J Shares. The holder of the Class J Shares will receive one Warrant for every Class J Share held.

The Class A Shares and the Preferred Shares have been issued on the basis that an equal number of shares of each class will be issued and outstanding at all times. As at October 31, 2009 there were 3,818,100 Class A Shares and 3,818,100 Preferred Shares outstanding. The Preferred Shares are rated Pfd-3 by DBRS Limited. The following is a summary of certain provisions of the Class A Shares and the Preferred Shares which are more fully described in the Annual Information Form.

Distributions

The Fund intends to pay regular monthly non-cumulative distributions to Shareholders in an amount targeted to be 6.00% per annum on the NAV of the Class A Shares. The Fund also intends to pay annual distributions to Shareholders in an amount equal to all net realized capital gains, dividends and option premiums (other than option premiums in respect of options outstanding at year-end) earned by the Fund in such year (net of expenses, taxes and loss carry-forwards) that are in excess of the distributions paid to the holders of Preferred Shares. Accordingly, if any amounts remain available for the payment of distributions after payment of distributions on the Preferred Shares and the regular monthly distributions on the Class A Shares, a special year-end distribution of such amount will be payable to Shareholders of record on the last day of December in each year. No distributions will be paid on the Class A Shares if the distributions payable on the Preferred Shares are in arrears or if the NAV per Unit is equal to or less than \$16.50. Additionally, it is currently intended that no special year-end distributions will be paid if after such payment the NAV per Unit would be less than \$25.00, unless the Fund would need to make such distributions so as to fully recover refundable taxes.

Holders of Preferred Shares will be entitled to receive fixed cumulative preferential monthly cash distributions of \$0.04375 per share to yield 5.25% per annum on the original issue price of \$10.00 per Preferred Share.

Retractions

Class A Shares and Preferred Shares may be surrendered at any time for retraction but will be retracted only on the last day of a month (a "Valuation Date"). Shareholders whose Class A Shares are retracted on a Valuation Date other than the June Valuation Date will be entitled to receive a retraction price per Class A Share equal to 95% of the difference between (a) the NAV per Unit determined as of such Valuation Date, and (b) the cost to the Fund of the purchase of a Preferred Share in the market for cancellation. Holders whose Preferred Shares are retracted on such a Valuation Date will be entitled to receive a retraction price per Preferred Share equal to 95% of the lesser of (a) the NAV per Unit determined as of such Valuation Date less the cost to the Fund of the purchase of a Class A Share in the market for cancellation, and (b) \$10.00. Any unpaid distributions payable on or before a Valuation Date in respect of shares tendered for retraction on such Valuation Date will also be paid on the applicable retraction payment date.

A Shareholder may concurrently retract an equal number of Class A Shares and Preferred Shares on the June Valuation Date of each year at a retraction price equal to the NAV per Unit on that date, less any costs associated with the retraction, including commissions and other such costs, if any, related to the liquidation of any portion of the Fund's portfolio required to fund such retraction.

If a retraction of a Preferred Share or a Class A Share occurs prior to July 2014, a retraction fee payable to MCM by the retracting shareholder (the "Retraction Fee") will be deducted by MCM from the amount otherwise receivable by the retracting shareholder to compensate MCM, in part, for paying the agents' fees and expenses of the Fund's initial public offering. The Retraction Fee is calculated as follows:

<u>Time of Retraction</u>	<u>Retraction Fee per Unit</u>	<u>Time of Retraction</u>	<u>Retraction Fee per Unit</u>
July 2009 to June 2010	\$1.00	July 2012 to June 2013	\$0.40
July 2010 to June 2011	\$0.80	July 2013 to June 2014	\$0.20
July 2011 to June 2012	\$0.60	July 2014 to December 2014	Nil

The Retraction Fee is based on each Unit retracted as set forth above. A holder of Class A Shares or Preferred Shares is deemed to have retracted a Unit for each Class A Share or Preferred Share retracted unless shares of the other class have also been retracted as of the same Valuation Date, in which case the Retraction Fee will be calculated on a *pro rata* basis among all shareholders that are deemed to have retracted such Units.

Redemptions

The Class A Shares and the Preferred Shares will be redeemed by the Fund on the Termination Date. The redemption price payable by the Fund for each Class A Share outstanding on that date will be equal to the greater of (a) the NAV per Unit on that date minus the sum of \$10.00 plus any accrued and unpaid dividends on a Preferred Share, and (b) nil. The redemption price payable by the Fund for each Preferred Share outstanding on the Termination Date will be equal to the lesser of (a) \$10.00 plus any accrued and unpaid dividends thereon, and (b) the NAV of the Fund on that date divided by the number of Preferred Shares then outstanding.

The following table sets forth the unaudited capitalization of the Fund before and after giving effect to the Offering:

USE OF PROCEEDS

The net proceeds from the exercise of the Warrants offered hereby are estimated to be \$70,179,402 (assuming that all Warrants are exercised and after payment of the fees and expenses of the Offering and all applicable Warrant Exercise Fees). Such proceeds will be invested by the Fund in accordance with its investment objectives, strategy and restrictions. For further information on the anticipated use of proceeds, see “The Fund — Summary Description of the Fund”.

PLAN OF DISTRIBUTION

The Warrants and Units issuable upon the exercise thereof are being distributed in reliance on an exemption from the applicable dealer registration requirements. The Fund will deliver a copy of the final short form prospectus to Shareholders of record on the Record Date.

The TSX has conditionally approved the listing of the Warrants distributed under this short form prospectus and the Class A Shares and the Preferred Shares issuable upon the exercise thereof. Listing is subject to the Fund’s fulfilling all of the requirements of the TSX on or before January 12, 2010.

Shareholders Outside of Canada

Each Shareholder whose recorded address is outside Canada will be advised by letter that the Shareholder’s Warrants will be held by the Shareholder’s CDS Participant for the account of such Shareholder, as set out below.

The Class A Shares and the Preferred Shares are not registered under the 1933 Act. The Offering is made in Canada and not outside of Canada. The Offering is not, and under no circumstances is to be construed as, an offering of any Class A Shares or Preferred Shares for sale in the United States or an offering to or for the account or benefit of any U.S. person or a solicitation therein of any offer of shares. Accordingly, neither a subscription for Units pursuant to the Basic Subscription Privilege nor an application for Additional Units pursuant to the Additional Subscription Privilege will be accepted from any person, or his agent, who appears to be, or who the Fund has reason to believe is, a national or resident of the United States.

Each CDS Participant for a Shareholder resident outside of Canada will, prior to the Expiry Date, attempt to sell the Warrants allotable to such Shareholder at the price or prices it determines in its discretion. Neither the Fund nor any CDS Participant will be subject to any liability for the failure to sell any Warrants for such a Shareholder or as a result of the sale of any Warrants at a particular price on a particular day. Any proceeds received by the CDS Participant with respect to the sale of Warrants, net of brokerage fees and costs incurred and, if applicable, of Canadian tax required to be withheld, will be delivered by mailing cheques (in Canadian funds and without payment of any interest) as soon as practicable to such Shareholder whose Warrants were sold, at the Shareholder’s last recorded address. Amounts of less than \$1.00 will not be forwarded. There is a risk that the proceeds received from the sale of Warrants will not exceed the brokerage fees and costs of or incurred by the CDS Participant in connection with the sale of such Warrants and, if applicable, the Canadian tax required to be withheld. In such event, no proceeds will be forwarded.

Warrantholders who are Shareholders resident outside of Canada are cautioned that the acquisition and disposition of Warrants, Class A Shares and Preferred Shares may have tax consequences in the jurisdiction where they reside and in Canada which are not described herein.

INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

The Manager and the Investment Manager receive the fees described under “Fees and Expenses” for their services to the Fund and will be reimbursed by the Fund for all expenses incurred in connection with their roles in the operation and administration of the Fund.

RISK FACTORS

Certain risk factors relating to the Fund, the Warrants, the Class A Shares and the Preferred Shares are described below. Additional risks and uncertainties not currently known to the Manager, or that are currently considered immaterial, may also impair the operations of the Fund. If any such risk actually occurs, the business, financial condition, liquidity or results of the operations of the Fund and the ability of the Fund to make distributions on the Class A Shares and the Preferred Shares could be materially adversely affected. In addition to the risks described in this short form prospectus, the Annual Information Form contains a detailed discussion of risks and other considerations relating to an investment in the Fund of which investors should be aware.

Dilution to Existing Shareholders

The value of a Unit will be reduced if the NAV per Unit exceeds \$18.42 and one or more Warrants is exercised. If a Shareholder does not exercise Warrants in such circumstances, such Shareholder’s *pro rata* interest in the assets of the Fund will be diluted. To maintain the Shareholder’s *pro rata* interest in the assets of the Fund, the Shareholder will be required to pay in connection with the exercise of a Warrant an additional amount equal to the Subscription Price. While a Shareholder may sell the Shareholder’s Warrants, no assurance can be given that the proceeds of such sale will compensate the Shareholder for such dilution.

No Public Market for Warrants

The TSX has conditionally approved the listing of the Warrants. Listing is subject to the Fund’s fulfilling all of the requirements of the TSX on or before January 12, 2010. There is currently no public market for the Warrants and there can be no assurance that an active public market will develop or be sustained after completion of the Offering.

Tax Changes

There can be no assurance that changes will not be made to the tax rules affecting the taxation of the Fund or the Fund’s investments, or that such tax rules will not be administered in a way that is less advantageous to the Fund or its securityholders.

The Province of Ontario has recently announced that it plans to harmonize its existing provincial sales tax with the federal goods and services tax (“GST”) effective July 1, 2010. If this tax proposal is implemented as announced, investment funds that are subject to the new Ontario harmonized sales tax may be required to pay a harmonized sales tax of 13% on fees such as management fees, rather than the currently imposed 5% GST, which may increase the costs borne by the Fund.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to the Fund, the following is a general summary of the principal Canadian federal income tax considerations generally relevant to the receipt of Warrants under the Offering. This summary is applicable only to Warrantholders who are issued Warrants pursuant to the Offering and who, for the purposes of the *Income Tax Act* (Canada) (the “Tax Act”), are resident in Canada and hold their Warrants, and Class A Shares and Preferred Shares issued pursuant to the exercise of the Warrants, as capital property and deal at arm’s length with, and are not affiliated with, the Fund (“Holders”). This summary is based on the current provisions of the Tax Act, the regulations thereunder (the “Regulations”) and counsel’s understanding of

the current published administrative policies and assessing practices of the Canada Revenue Agency (“CRA”) made publicly available prior to the date hereof, and on a certificate of the Fund as to certain factual matters. This summary also takes into account all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof, but does not otherwise take into account or anticipate any changes in the law, whether by legislative, governmental or judicial action, or in CRA’s administrative policies or assessing practices.

This summary is based upon the assumption that the Fund has at all times complied, and will at all times comply, with its investment restrictions, and that the Fund has qualified as a “mutual fund corporation” under the Tax Act continuously since it was established and will continue to so qualify at all material times.

This summary does not apply to a Holder that is a “financial institution” for purposes of section 142.2 of the Tax Act or a “specified financial institution” as defined for purposes of the Tax Act, nor does it apply to a taxpayer, an interest in which is a tax shelter investment for the purposes of the Tax Act, or to a Holder that has made an election to compute and report its tax results in a currency other than Canadian currency.

This summary is of a general nature only and does not take into account or consider the tax laws of any province or territory or of any jurisdiction outside Canada. This summary is not intended to be, nor should it be construed to be, legal or tax advice to any particular Holder, and no representations concerning the tax consequences to any particular Holder are made. Holders should consult their own tax advisors regarding the income tax considerations applicable to them having regard for their particular circumstances.

Receipt of Warrants

Based on an administrative position of the CRA, no amount will be required to be included in computing the income of a Holder as a consequence of acquiring Warrants under the Offering. The cost of a Warrant received under the Offering will be nil. The cost of a Warrant acquired by a Holder will be averaged with the adjusted cost base to the Holder of any other Warrants held at that time as capital property to determine the adjusted cost base of each such Warrant to the Holder.

Exercise of Warrants

The exercise of a Warrant will not constitute a disposition of property for purposes of the Tax Act and, consequently, no gain or loss will be realized upon the exercise of Warrants. Upon the exercise of a Warrant, the Fund intends, for its purposes, to issue each Class A Share for \$8.75 and each Preferred Share for \$10.00. Although the Fund believes that such allocation of the aggregate Subscription Price is reasonable, such allocation is not binding on the CRA. A Class A Share and a Preferred Share acquired by a Holder upon the exercise of a Warrant will have a cost to the Holder equal to the portion of the Subscription Price per Unit allocated to such Class A Share and Preferred Share and the portion of the adjusted cost base, if any, to the Holder of the Warrant so exercised that has been allocated to such Class A Share and Preferred Share. The cost of a Class A Share and Preferred Share acquired by a Holder upon the exercise of Warrants will be averaged with the adjusted cost base to the Holder of all other Class A Shares and Preferred Shares, respectively, held at that time as capital property to determine the adjusted cost base of each such Class A Share and Preferred Share to the Holder.

Disposition of Warrants

Upon the disposition of a Warrant by a Holder, other than pursuant to the exercise thereof, the Holder will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of reasonable costs of the disposition, exceed (or are less than) the adjusted cost base, if any, of the Warrant to the Holder. One-half of any capital gain (a “taxable capital gain”) will be included in the Holder’s income, and one-half of any capital loss may be deducted against taxable capital gains in accordance with the detailed rules in the Tax Act in that regard.

Expiry of Warrants

Upon the expiry of an unexercised Warrant, a Holder will realize a capital loss equal to the adjusted cost base of the Warrant to the Holder.

Alternative Minimum Tax

Capital gains realized by a Holder that is an individual or trust, other than certain specified trusts, may give rise to alternative minimum tax under the Tax Act.

Taxation of Registered Plans

Provided that the Fund continues to qualify at all times as a mutual fund corporation within the meaning of the Tax Act or the Class A Shares or the Preferred Shares are listed on a “designated stock exchange” for purposes of the Tax Act (which includes the TSX), Class A Shares and Preferred Shares issued as a result of the exercise of Warrants will be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered disability savings plans, registered education savings plans and tax-free savings accounts (each, a “registered plan”). Provided that the Warrants are listed on a designated stock exchange, or provided that at all times Class A Shares and the Preferred Shares are qualified investments for registered plans and the Fund is not, and deals at arm’s length with each person who is, an annuitant, a beneficiary, an employer or a subscriber under, or a holder of, the relevant registered plan within the meaning of the Tax Act, the Warrants will be a qualified investment under the Tax Act for a registered plan. However, if the Class A Shares, Preferred Shares or Warrants are a “prohibited investment” for a tax-free savings account, the holder of a tax-free savings account that governs a trust that holds Class A Shares, Preferred Shares or Warrants will be subject to a penalty tax as set out in the Tax Act. An investment in the Class A Shares, the Preferred Shares or the Warrants will not generally be a “prohibited investment” unless the holder of a tax-free savings account does not deal at arm’s length with the Fund for purposes of the Tax Act or if the holder has a significant interest (within the meaning of the Tax Act) in the Fund or in a corporation, partnership or trust with which the Fund does not deal at arm’s length for purposes of the Tax Act. Holders of tax-free savings accounts should consult their own tax advisors to ensure that neither Class A Shares, Preferred Shares nor Warrants would be a “prohibited investment” in their particular circumstances.

REGISTRAR AND TRANSFER AGENT AND WARRANT AGENT

Computershare Investor Services Inc. provides the Fund with registrar, transfer and distribution agency services in respect of the Class A Shares and the Preferred Shares from its principal offices in Toronto, Ontario. Under the Warrant Indenture, the warrant agent and the registrar and transfer agent for the Warrants is Computershare Trust Company of Canada at its principal office in Toronto, Ontario.

The auditors of the Fund are Deloitte & Touche LLP, Chartered Accountants, Licensed Public Accountants, Toronto, Ontario.

INTERESTS OF EXPERTS

The matters referred to under “Canadian Federal Income Tax Considerations” and certain other legal matters relating to the Offering and the Warrants and the Class A Shares and the Preferred Shares issuable upon the exercise of the Warrants to be distributed pursuant to this short form prospectus will be passed upon by Osler, Hoskin & Harcourt LLP on behalf of the Fund. As of the date hereof, the partners and associates of Osler, Hoskin & Harcourt LLP, as a group, beneficially owned, directly or indirectly, less than one percent of the outstanding Class A Shares and less than one percent of the outstanding Preferred Shares of the Fund.

The Fund’s auditors, Deloitte & Touche LLP, have prepared a report to the shareholders of the Fund dated February 17, 2009 which is incorporated by reference herein. Deloitte & Touche LLP has advised the Manager that they are independent in accordance with their rules of professional conduct.

PURCHASERS’ STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further

provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.
